LP® TECHSHIELD® RADIANT BARRIER SHEATHING

America's Original and #1 Brand of Radiant Barrier Sheathing

Installed in more than 2 million homes to date, LP® TechShield® Radiant Barrier Sheathing is the industry's best-selling brand of radiant barrier sheathing. With a track record of proven success, LP TechShield sheathing can be a cost-effective way to boost a home's energy efficiency and improve HERS scores.

Only LP TechShield sheathing features a durable layer of aluminum with patented VaporVents™ technology. Post-lamination incising prevents moisture build-up during and after construction, while the OSB substrate promotes breathability and does not create a vapor barrier.

Without LP TechShield Radiant Barrier Sheathing

With LP TechShield Radiant Barrier Sheathing

ADVANTAGES

- Reduces attic temperature by up to 30º F
- Installs like conventional roof sheathing, requiring no additional labor
- 20-year limited warranty
- Patented VaporVents™ technology with post-lamination incising allows panel to dry more quickly than other radiant barrier sheathing
- Can result in an overall lower HERS score
- Manufactured by LP, one of the largest OSB producers, so it is available when and where you need it

LP® TechShield® 20 YEAR LIMITED WARRANTY

SUSTAINABLE FORESTRY INITIATIVE SFI-00003
