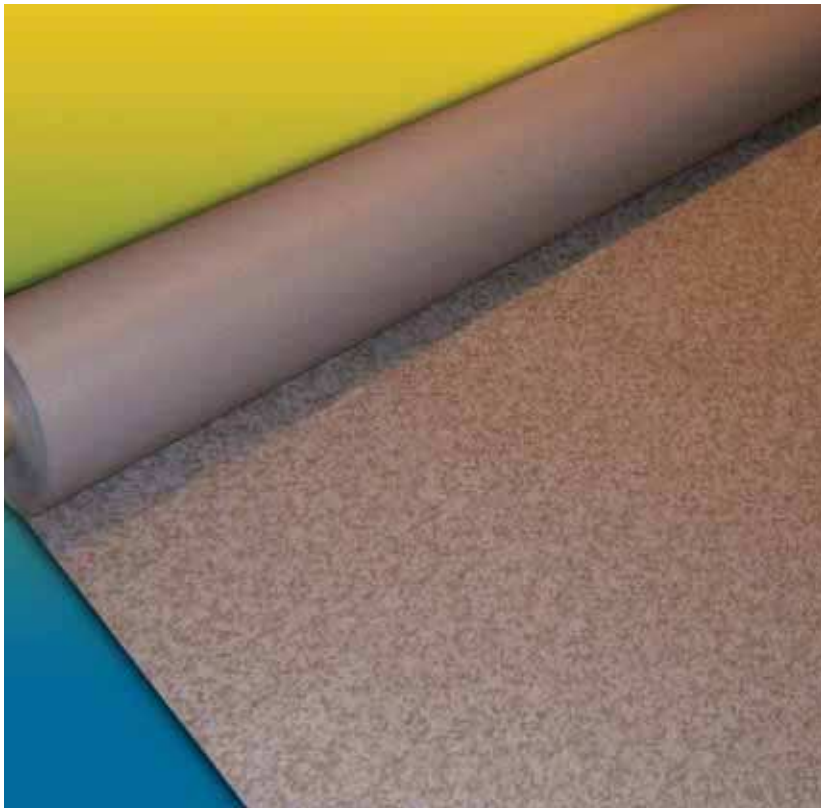
DecTec PRODUCT PROFILE



THE PRODUCT ADVANTAGE

DecTec "Select" is a high quality Roofing membrane designed to accept foot traffic. Select meets North American Building Code Standards for PVC Single-Ply Roofing Membrane and integrates beautifully with our pre-formed flashing components. When the deck is an integral part of your Building Envelope, there really is only one roofing membrane to "Select" !

For additional information or MSDS sheets, please contact Skyline Building Systems Inc., toll-free at 1-800-268-1078.
