

Buoyancy Billets

STYROFOAM* Brand Buoyancy Billets are an excellent choice for floating structures such as docks, rafts and boathouses. STYROFOAM Brand Buoyancy Billets consist of millions of tiny closed-cell air bubbles. That makes it extremely buoyant. It also means structures cannot become punctured or water-logged. Buoyancy billets are lightweight and easy to install, so structures can be built quickly and efficiently.

BUOYANCY BILLETS

Thickness (in.) ¹	R-Value ²	Board Size (in.)	Edge Treatment	Capacity (lbs.)
7	–	20 x 96	–	425
