

## SUSTAINABILITY

### Potential LEED Rating points for Commercial Construction

These rating program point references are suggested applications of Georgia-Pacific Gypsum products. Program applicants should use their own objective determinations of product attributes for the LEED building program:

#### LEED for New Construction

Recycled Content: MR 4.1 & 4.2

Regional Materials: MR 5.1 & 5.2

Construction IAQ Management Plan: During Construction: EQ Credit 3.1

Innovation & Design Process: ID Credit 1

#### LEED for Retail

Recycled Content: MR 4.1 & 4.2

Regional Materials: MR 5.1 & 5.2

Construction IAQ Management Plan: During Construction: EQ Credit 3.1

Low Emitting Materials

Option F. Ceiling and Wall System (1pt): EQ Credit 4.

#### LEED for Schools

Recycled Content: MR Credit 4

Regional Materials: MR Credit 5

Construction IAQ Management Plan: During Construction: EQ Credit 3.1

Low Emitting Materials

Option F6. Ceiling and Wall Systems (1 pt.): EQ Credit 4

Enhanced Acoustical Performance: EQ Credit 9

Mold Prevention: EQ Credit 10

#### LEED for Core & Shell

Recycled Content: MR 4.1 & 4.2

Regional Materials: MR 5.1 & 5.2

Construction IAQ Management Plan: During Construction: EQ Credit 3

Innovation & Design Process: ID Credit 1 Innovation & Design

*Credit interpretations are provided for the above LEED programs.*

### Potential LEED Rating points for Home Building

These rating program point references are suggested applications of Georgia-Pacific Gypsum products. Program applicants should use their own objective determinations of product attributes for the LEED building program.

## SUSTAINABILITY

### Innovations and Design Process (ID)

Exhibit ID 2-A

Indoor Moisture Control Measures

Tubs, showers and spa areas: Use non-paper-faced backer board on walls

- DensShield® Tile Backer

### Sustainable Sites (SS)

SS 5. Non Toxic Pest Control

5) Pest control alternatives

e) The following measures apply to areas marked “moderate to heavy” or “very heavy” on the termite infestation probability map (exhibit SS 5-A)

v) Use of non-cellulosic (not wood or straw) wall structure

- DensArmor Plus® Interior Drywall
- DensShield® Tile Backer
- DensGlass™ Sheathing

### Material and Resources (MR)

MR 2 Environmentally Preferable Materials

c) Local Production

- Georgia-Pacific Gypsum Products

### The Dens Family of Products

DensGlass™ Exterior Sheathing DensDeck® Roof Boards DensArmor Plus® High-Performance Interior Panels

DensGlass™ Ultra Shaftliner DensShield® Tile Backer DensArmor Plus® Abuse-Resistant Interior Panels

DensArmor Plus® Impact-Resistant Interior Panels
