

# Options Floor, Vault & Sidewalk Doors

Bilco floor, vault and sidewalk doors can include any of the modifications shown below. In addition, Bilco's engineering department will custom design doors for your unique applications.

## Locking and Latching Devices

The following lock options are available to add security and prevent unauthorized access:

Cylinder lock with a keyway protected by a threaded cover plug

Recessed padlock hasp covered by a flush hinged lid

Security cover plugs

Additional lock options include padlock lugs welded to the exterior door surface, high security detention locks, and panic hardware for emergency egress. In addition to the options shown, Bilco's engineering department can custom design products to meet your security needs.

## Special Finishes

Where specified, Bilco Model J, D, and Q doors and frames can be supplied with a hot-dip galvanized finish (ASTM A-123). All aluminum doors can be supplied with an anodized finish. Other custom finishes are available when specified.

## Stainless Steel Hardware

For installation in highly corrosive environments or when prolonged exposure to hot water or steam is anticipated, Bilco recommends stainless steel hardware. Standard Type 316 stainless steel hardware is featured on Type JAL, D-AL, JAL H20 and D-AL H20 doors. Other products can be supplied with stainless steel hardware upon request.

## Other Options

- Steel or aluminum grating
- Submersible pump guide rail brackets
- Metal enclosed insulation
- Slip resistant coatings
- Drop-in installation modifications
- Handrails
- Panic hardware
- Snow and ice melting cables
- Electric motor operation
- Fall protection grating
