Soffit: Triple 3-1/3" InvisiVent Soffit
in colonial white.

Proper Ventilation is Vital

Protection against damage to the roofing materials and structure increase comfort inside the home and energy savings.

The Air Balance System

Experts agree that the most effective system is a balance of air intake and exhaust that creates a uniform flow of air through the attic.

This system creates a condition in which the roof temperature is equalized from top to bottom, supplying a uniform air flow along the entire underside of the roof deck.

Hidden vents provide a smooth, flat non-perforated surface versus most vented soffits with unsightly perforations.

Triple 3-1/3" InvisiVent

Triple 3-1/3" InvisiVent

Standard vented soffit

Triple 3-1/3" InvisiVent offers at least 50% more ventilation than most standard vinyl soffit, providing more than 10" of net-free intake area.

This means that not only will InvisiVent provide a balanced ventilation system, but will do so with an overhang as short as 10".

Triple 3-1/3" Solid, Perfect for Vertical Siding Applications, Too.

Solid Triple 3-1/3" vertical siding panels are the ideal solution for accent areas where a vented panel is not necessary. The flat face design creates a straighter panel with the look of smooth, painted wood. Deep dovetails between panel faces contribute extra rigidity, while forming a clear, sharp edge that is pleasing to the eye. Ideal as an accent or coordinating panel, Solid Triple 3-1/3" is available in the same color palette as Triple 3-1/3" InvisiVent.

IRONMAX™ DOUBLE 5"

Combines the attractive appeal of wood with the rigidity and durability of premium extra-thick vinyl.

BEADED TRIPLE 2"

The classic appearance of wainscoting offers the look of fine detailing and craftsmanship.

UNIVERSAL TRIPLE 4"

Beautifies the overhangs of any home and delivers outstanding performance, quality and durability.

Beaded Triple 2"

- ◆ Triple 2" wainscot style in solid and invisibly vented.†
- ◆ Designed for vertical siding, porch ceiling and soffit applications.
- ◆ Smooth finished appearance of professionally applied paint.
- ◆ Extra-long slip-lock design helps provide secure installation.
- ◆ 8 low-gloss colors.
- ◆ .039" thickness.
- ◆ 1.6" of net-free air per sq. ft. - invisibly vented.

Triple 3-1/3"

- ◆ Triple 3-1/3" style in InvisiVent and solid.†
- ◆ The only vinyl soffit to provide more than 10 inches of net-free intake area.
- ◆ Can be applied 24" on-center.
- ◆ Heavy-duty .044" thickness for rigidity.
- ◆ Deep 3/4" panel projection creates sharp definition.
- ◆ Installs easily with 3/4" F-channel.
- ◆ Matte finish looks like freshly painted wood.
- ◆ 12 low-gloss colors.

Ironmax™ Double 5"

- ◆ Double 5" style in solid and fully vented.†
- ◆ Extra-thick .046" construction for optimum strength and flat face appearance.
- ◆ Designed for vertical siding, porch ceiling and soffit applications.
- ◆ Unique post-formed lock design helps ensure secure installation.
- ◆ A wide variety of low-gloss, woodgrain colors and coordinating trim.
- ◆ 6.4" of net-free air per sq. ft. - fully vented.

Universal Triple 4"

- ◆ Triple 4" style in solid, fully vented and center vented.†
- ◆ Designed for vertical siding, porch ceiling and soffit applications.
- ◆ Matte finish.
- ◆ Post-formed lock design helps provide secure installation.
