EXPANSIVE PALETTE.

Precise color.

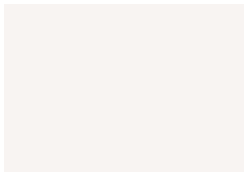

Whether your project calls for subtlety or flair, you'll find your vision fulfilled.

No matter what kind of effect you seek from your ceiling, Chicago Metallic is uniquely capable of bringing your design ideas to fruition. In fact, we offer the industry's broadest palette of colors and finishes, spanning the traditional to the contemporary. Be assured, the product you select is stringently monitored and tested to ensure precise color and fine finish quality. For more information, or to inquire about options beyond those represented here, please contact your local Chicago Metallic representative.

Colors shown are reproduced as close as possible to actual product color within the limitations of printing technology. Actual color chips are available upon request and should be reviewed before making final selection. Contact Chicago Metallic Customer Service for custom colors: 1-800-323-7164.

G denotes colors available for grid.

M denotes colors available for metal.

G M denotes colors available for grid and metal.

* denotes color is available on specific GRID items.

** denotes color is available in aluminum capped grid.

*** denotes color is only available in Planar® and PlanarPlus®.

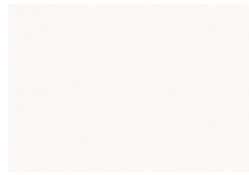

**** not available in Infinity™, CurvGrid™ and suspension systems.

“Coordinating solid” colors will be paints applied to grid, Infinity™, CurvGrid™, Planostile™, Planar®, PlanarPlus®, PlanarMacro® and MacroPlus® to match MetalWood® II Woodgrain Finish.

Variations in recommended color matches of system components to ceiling panels can result from slight differences in texture, room lighting and subjectivity of observers.
