

Master Flow® Roof Mount Power Ventilators

Sell Sheet

*Quality You Can Trust Since 1886...
From North America's Largest Roofing Manufacturer™*

Power Roof Ventilators (Exhaust)

Master Flow® power ventilators (roof or gable mount) are your best overall investment in attic ventilation. While they may cost more to install than other types of ventilation, they remove the greatest volume of hot and/or humid air from your attic, saving you more in heating and cooling costs than any other type of ventilation!

Texas Department of Insurance RV-17 & RV-27

Available In Popular Colors to blend in with your roof (see chart below)
