

# Skyline Roofing®

Featuring

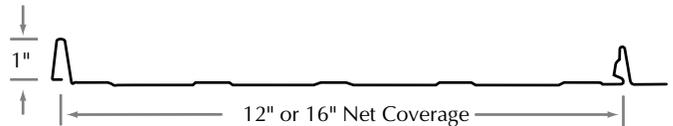

## Zincalume® For Twice the Life!

Zincalume combines the strength of steel with the corrosion resistance of aluminum for twice the life of zinc coatings.

**Skyline Roofing® is an economical, non-structural, performance rated standing seam panel. Skyline Roofing® features the look of a standing seam panel with a concealed, through-fastened design at an affordable price.**

- ❑ Skyline Roofing® has a clean, wide pan look of integral standing seam panels, at a lower cost.
- ❑ Economical installation. Skyline Roofing® has no clips or battens to order, handle or install, saving time and money.
- ❑ Quick, economical trim packages include standard trim pieces that can be ordered by number.
- ❑ Installation instructions and details available in VHS video tape and handbook.
- ❑ 12" and 16" panel width, 26 gauge available in the DuraTech™x/ coating system or Zincalume® Plus (16" only) for unpainted applications.

## The DuraTech™x/ and Zincalume® Coating System

IMSA Building Products has enhanced the performance of Skyline Roofing® with the DuraTech™x/ coating system. You can depend on superior

color retention with DuraTech™x/. This technology integrating our proven Zincalume® coated steel is a system that promises a lifetime of durability.

| Coverage | Gauge | Wt. PSF |
|----------|-------|---------|
| 12"      | 26    | 1.03    |
| 16"      | 26    | 0.96    |
