ANTIQUE BROWN

SIENNA BLEND

From the highest Rocky Mountain peaks to the rugged Pacific coastline, the Northwest is home to a special brand of natural beauty. Now, Malarkey Roofing Products presents a remarkable shingle, uniquely designed to reflect the awesome beauty of the Pacific Northwest.

Malarkey shingle colors are carefully blended and balanced to complement your home. The laminated design adds a rich dimension of quality resulting in a roof of unmatched beauty and curb appeal.

Northwest XL™ fiberglass laminate shingles are built to last... beautifully. Malarkey shingles are constructed using superior roofing asphalt and Malarkey's exclusive fiberglass mat. Fiberglass core shingles, unlike organic felt based shingles, will not absorb water. That means your Northwest XL shingles will resist blistering, curling and buckling in a way no organic shingle can.

Malarkey Northwest XL fiberglass laminate shingles use 3M™ colored roofing granules, which have been the standard of quality and reliable performance for over 50 years. Unique nonporous rock is coated with long lasting colored ceramic to provide the finest barrier to harmful UV rays.

The Strength of Malarkey!

Malarkey Roofing Products, based in the Pacific Northwest, is a leader in manufacturing shingles for the Northwest environment. Northwest XL shingles are made to stringent manufacturing standards with a pride of workmanship that can only be found in a family-owned and operated business.

One of the most critical elements of a successful roofing project is correct installation of the shingle. Market research indicates that most laminated shingles are incorrectly installed due to improper

fastener placement. The Northwest XL is constructed using patented Zone™ technology which provides many features, including a nailing area up to 3 times larger than older style laminated shingles. This larger nailing area dramatically improves correct fastener placement.

We back the Northwest XL with a 40 year warranty, and 80 mph limited wind warranty, a five year Right Start Warranty™*, and the Your Choice Warranty™ program.

Selecting a new roof is not an everyday occurrence. Your home is a major investment which the Northwest XL laminated shingle is constructed to guard and enhance for years to come.

Malarkey Northwest XL shingles meet or exceed the following technical standards and conform to the following properties:

- 40-year Limited Product Warranty
- 5-year Right Start Warranty™*
- Your Choice Warranty™ program
- 80 mph Limited Wind Warranty
- 3M Granules for UV Protection and Long-Lasting Color
- Equipped with THE ZONE

US Patent Nos. 6397546, 614265

Test Standards

- ASTM D 3161, Type I; Class 'F'
- ASTM D 3018, Type I
- ASTM D 3462, Type I
- ASTM E 108; Class 'A' Fire Rating
- CAN/CSA A123.5-M90
- UL 2390/ASTM D 6381, Type I (ASTM 'D' 7158; Class 'H')

‡ Featured shingle color: Oxford Grey

All shingle colors available featuring the Scotchgard™ Algae Resistant Roofing System from 3M™

Note: Sample pieces or photographs of shingles may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. *3M™ and *Scotchgard™ and the Scotchgard logo are trademarks of 3M. Limited warranties carry terms and conditions. Contact your nearest Malarkey source for further information.
