

LEED Category	Credit	Details	Technology
Sustainable Sites	6.1	Storm Water Design: Quantity Control - 25% Reduction	Pervious Concrete
	6.2	Storm Water Design: Quality Control - Limit Disruption and Pollution of Natural Water Flows	Pervious Concrete
	7.1	Heat Island Effect: Non-roof	Pervious Concrete Liquid Coloring Admixtures 4x4™ Concrete System Sonoguard® Coatings
Energy and Atmosphere	Prereq 2	Minimum Energy Performance	BASF EIFS**
	1	Optimize Energy Performance	BASF EIFS**
Materials and Resources	1.1 and 1.2	Building Reuse	BASF EIFS** for Renovation BASF Construction Repair Materials Sealants Wall Coatings Water Repellents
	2	Construction Waste Management	Delvo®-Stabilized Concrete
	4.1 and 4.2	Recycled Content	Green Sense SM Concrete Watson Bowman Acme Expansion Joints
	5	Regional Materials	BASF EIFS** - supply points across the country Sonneborn® Adhesives Hydrozo® Sealers
Indoor Environmental Air Quality	4.1	Low-Emitting Materials: Adhesives and Sealants	CHEMREX® Adhesives, MBT® Protection and Repair, Sonneborn® Adhesives
	4.2	Low-Emitting Materials: Paints and Coatings	CHEMREX® Adhesives, Hydrozo® Sealers, Thoro® Coatings, MBT® Protection and Repair, Sonneborn® Adhesives
	7.1	Thermal Comfort: Design	BASF EIFS**
