*Whenever you have a roof leak or emergency repair to deal with, EverSeal<sup>®</sup> brand of roof repair tape is the ideal choice. It's fast, watertight and designed for use on most roof surfaces.*

*Great for  
Emergency  
Repairs!*

## Fast, Watertight Roof Repairs

### Tough and Versatile

EverSeal features OMG's exclusive Advanced Synthetic Adhesive Polymer (ASAP) technology that bonds to most common roofing surfaces including:

- ✓ EPDM
- ✓ TPO
- ✓ AGED PVC
- ✓ HYPALON<sup>®</sup>/CSPE
- ✓ MODIFIED BITUMEN
- ✓ SMOOTH BUR
- ✓ METAL
- ✓ AND MORE!

### Packaged for Performance

OMG's exclusive Ready-to-Roll<sup>™</sup> dispenser box packaging makes installation easy and hassle-free. It's convenient for product handling and storage, too. EverSeal is available in 3 widths: 4-inch, 6-inch and 12.5-inch x 50-foot lengths. All widths come in both black and white.

### **READY-to-ROLL<sup>™</sup>**

Dispenser Box Packaging with convenient handle and no-hassle EZ-Release Liner<sup>™</sup>

## Other Features Include:

- **Synthetic polymer** – Non-butyl, non-asphaltic formulation for maximum compatibility.
- **Hassle-free EZ-Release Liner** – No frustration when peeling the liner from the adhesive.
- **Chemical & UV resistant** – For superb long-term performance.
- **Wide installation temperature range\*** – Can be used year-round.
- **Ready to Roll™ dispenser packaging** – For easy handling and storage.

## Professional Grade

EverSeal will adhere to most construction materials. Great for RV roofs, boat covers, tents and awnings, too!

OMG is the leading U.S. manufacturer and supplier of roofing fasteners, roof insulation adhesives, retrofit roof drains, pipe supports and roof repair tape. Our products are available nationwide through a network of roofing distributors, and supported by our national network of direct factory sales personnel.

## Directions for Use

Make sure that all surfaces are clean and dry. Surfaces must be free of grease, dirt, dust, talc, and other loose materials. For best results, scuff roof surfaces with a heavy duty scouring pad prior to application, and wipe clean with denatured alcohol.

- 1 Partially peel back the EZ-Release Liner to expose adhesive surface.
- 2 Press end of EverSeal tape into place.
- 3 Unroll EverSeal to desired length and cut.
- 4 Firmly roll EverSeal into place while removing the remaining liner. For best results use a steel roofing roller.

\*See directions for specific details. Not recommended for permanent repairs.
