

PAVER KARE®

Products for paver professionals

Weather, dirt and traffic degrade paver installations. Keep the culprits at bay!

From public squares and vast pedestrian malls to intimate patios in upscale residential neighborhoods, nothing says “quality and value” like a hand-laid paver hardscape. The warmth and charm of the paver surfaces you install remind everyone of the value you place on quality.

But that value drops with every tire mark, grease stain or other contaminant. Construction soiling, water penetration, deicing salts and other problems can diminish the value of your beautiful paver installations.

Sand loss and weeds in the joints reduce the service life and wreck the appearance of your carefully laid hardscapes.

Keep those culprits at bay with Paver Kare® cleaners and protective treatments from PROSOCO – created specifically for paver professionals by the makers of Sure Klean® products.

PROSOCO manufactures a full range of quality products to clean and protect all of your masonry and concrete projects. Here are just a few that offer additional advantages on paver and decorative concrete installations.

Clean

Sure Klean® Custom Masonry Cleaner

Rids architectural block of nasty job-site soiling and calcium deposits, while enhancing color and color-uniformity. Removes severe efflorescence from concrete pavers.

Enviro Klean® SafEtch

Effective, safe alternative to traditional acidic products for cleaning textured concrete surfaces, and prepping them for clear or colored coatings. Removes severe efflorescence from concrete pavers.

Protect

Stand Off® SLX100 Water & Oil Repellent

Penetrating, breathable, water and oil repellent for concrete and most natural stone surfaces – provides invisible protection from most staining and water-related deterioration.

Stand Off® Limestone & Marble Protector

Penetrating, breathable, water and oil repellent for limestone and marble surfaces – provides invisible protection from most staining and water related deterioration.

Consolideck® LS

Penetrating, lithium silicate floor hardener – improves the hardness, abrasion resistance and chemical resistance of concrete paving. Reduces surface dusting. May be used to produce a hard-wearing surface sheen on steel troweled concrete.

Enviro Klean® BioWash®

Safe and environmentally responsible cleaner – removes mold, mildew and other biological staining from concrete brick and stone.

Maintain

Enviro Klean® Degreaser

Environmentally responsible alternative to industrial degreasers – removes oil, grease, smoke and many other difficult stains from concrete, brick and stone.

Sure Klean® Light Duty Restoration Cleaner

Highly efficient gelled cleaner – removes tough atmospheric, rust and embedded clay staining from concrete, brick and stone.

PAVER KARE®

Professional products for
Cleaning
and **Protecting**
Concrete, clay and most stone pavers

Innovative solutions for buildings.™

PROSOCO
SINCE 1939

Clean Installation can be messy. Ensure the pavers in your installations look as sharp on your client's property as they did in the showroom.

**PAVER KARE®
Cleaner/Brightener**

New installation cleaner

Reveals pavers' natural color depth and uniformity while cleaning tough construction staining off new paver installations.

- Gets rid of efflorescence, job dirt, embedded stains and more.
- Removes surface rust and hard-water scaling.
- Enhances color uniformity.
- Improves penetration of protective treatments.

Protect No stains, no weeds, no worries when you protect your clients' pavers and joints with the appropriate Paver Kare® protective treatments.

**PAVER KARE®
Sand Joint Stabilizer**

Joint consolidant and water repellent for pavers

Bonds loose sand in paver joints, preventing weed growth and sand loss from wind, rain, traffic and cleaning.

- Bonds sand grains in joints and to each other to stabilize paver installations.
- Keeps water, dirt and more out of joints and pavers.
- Protects natural appearance of pavers.
- Simplifies maintenance cleaning.

**PAVER KARE®
Paver Enhancer**

Water repellent and color intensifier for pavers.

Guards against efflorescence, mold and other water-related staining while bringing out the true, lustrous color of pavers.

- Breathable – water vapor gets out, but liquid water can't get in.
- Water beads up on the surface without penetrating.
- No surface film – no slip hazard.
- Perfect for concrete, clay and most stone pavers.

Maintain Whether the pavers are cleaned weekly or annually, Paver Kare® products keep paver installations looking the way they were intended.

**PAVER KARE®
Maintenance Cleaner**

Maintenance cleaner

"Next generation" product safely cleans and degreases light to heavily soiled pavers, without harsh acids, caustics or solvents.

- Removes most surface and subsurface staining.
- Powerful in concentrate, flexible in dilution.
- Safely cleans concrete, clay and stone pavers and most other hard surfaces.

**PAVER KARE®
Deep Sheen**

Slip-resistant, high-gloss protective treatment

Enhances paver appearance while protecting against soiling, staining, and water intrusion.

- Lustrous protective shield enriches natural paver color.
- Protects against oil, grease, water, scuff marks and more.
- Non-yellowing; helps prevent efflorescence.
- Easily applied and dries quickly.

**PAVER KARE®
Deep Sheen WB**

Water-borne, high-gloss protective treatment

Water-borne, VOC-compliant Deep Sheen WB protects pavers from etching and staining, and adds a premium gloss and shine.

- Protects against food, drink and other acidic and alkaline contaminants.
- Outstanding weatherproof.
- Fat drying, won't blush or "yellow."
- Perfect for any-size paver installation, new or old.

**PAVER KARE®
Penetrating Water Repellent**

Deep penetration water and salt barrier for pavers

Environmentally responsible protection against water and salt attack for concrete, clay and most stone pavers.

- Protects against damaging deicing salts and salt air.
- Keeps water and water-carried contaminants out of pavers.
- 7-10 year service life.
- Treated surfaces keep natural appearance, color and texture.

**PAVER KARE®
Tire Mark Remover**

Tar and tire mark remover for pavers

Easy-use cleaner washes away rubber tire marks, grease, tar, asphalt and other petroleum-based stains on pavers and most hard surfaces including metal.

- Ideal cleaner and degreaser for all paver types.
- Perfect for paver crosswalks and other high-traffic areas.
- Simple to use and environmentally responsible.
