

### Cure & Seal WB

Version 1

#### SECTION 1 – PRODUCT AND COMPANY IDENTIFICATION

1.1 Trade Name (as labeled):	Cure & Seal WB
Synonyms:	N/A
CAS No:	Mixture
1.2 Product Use:	Water-based cure & seal
1.3 Company Name:	SpecChem
Company Address:	1511 Baltimore Ave; Suite 600
Company Address Cont:	Kansas City, MO 64108
Business Phone:	(816) 968-5600
Website:	www.specchemllc.com
1.4 Emergency Telephone Number: Date of Current Revision:	Chemtrec: (800) 424-9300 January 10, 2015
Date of Current Revision:	April 19, 2012
Date of Last nevision.	April 19, 2012
SECTION 2 – HAZARDS IDENTIFICATION	
•	a milky white liquid with a characteristic hydrocarbon
odor.	
<u>Health Hazards:</u> May cause eye irritation.	
	flammable liquid with a flash point of >200°F (93°C).
Reactivity Hazards: None.	offects of this product have not been investigated
however release may cause long term adve	effects of this product have not been investigated,
nowever release may cause long term adve	rse environmental enecis.
US DOT Symbols:	Not Regulated
EU and GHS Symbols:	Not Applicable
Signal Word:	Danger
2.1 EU Labeling and Classification:	
	dous substance or preparation as defined by the
European Union Council Directives	
67/548/EEC, 1999/45/EC, 1272/2008/EC ar	
EU HAZARD CLASSIFICATION OF INGRE	EDIENTS PER DIRECTIVE 1272/2008/EC:
Index Number:	
212-22-7 is not listed in Annex I	
Substances not listed either individually or in	n group entries must de self classified.
Components Contributing to Classification	on: Propylene glycol ether
2.2 Label Elements: GHS Hazard Classifications:	Eve Irritation Catagory 2P
GHS Hazard Classifications: Hazard Statements:	Eye Irritation Category 2B
	H320 Causes eye irritation P264 Wash thoroughly after handling
Precautionary Statements:	r 204 wash moroughly aner handling

### Cure & Seal WB

Response Statements: Storage Statements:		water fo P337+F	P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. P337+P313 If eye irritation persists: Get medical		
			advice/ attention. None applicable P501 Dispose of contents/container in accordance with local/regional/national/international regulations.		
Disposal Statements:					P501 D
2.3 Health Hazards	or Risks	From Exposu		5	
Symptoms of Over	rexposure	by Route of	Exposure:		
The most signification of the most significa	ant routes o	of overexposu	re for this produc	t are by contact with skin or eyes. The	
symptoms of over	rexposure a	are described	in the following p	paragraphs.	
Acute:				-101	
Inhalation: No ser Skin Contact: May				ICILIONS.	
Eye Contact: Con					
Ingestion: May ca				d vomiting	
Chronic: Repeated					
Target Organs:	oxpoouro	may badde br		oning.	
Acute: Eyes, Skin					
Chronic: Skin

### Cure & Seal WB

#### Version 1

#### SECTION 6 - ACCIDENTAL RELEASE MEASURES (STEPS FOR SPILLS)

#### 6.1 Personal Precautions, Protective Equipment and Emergency Procedures:

Use cautious judgment when cleaning up spill. Wear suitable protective clothing, gloves, and eye/face protection.

#### 6.2 Environmental Precautions:

Construct a dike to prevent spreading. Keep out of sewers, storm drains, surface waters, and soils.

#### 6.3 Spill and Leak Response:

#### Small Spills:

- Collect material via broom or mop. Place in tightly sealed containers for proper disposal.
- Approach spill areas with caution.
- If liquid was introduced, create a dike or trench to contain material.
- Soak up with absorbent material such as clay, sand or other suitable non-reactive material.

#### Large Spills:

- Place in leak-proof containers. Seal tightly for proper disposal.
- Dispose of in accordance with U.S. Federal, State, and local hazardous waste disposal regulations and those of Canada and its Provinces, those of Australia, Japan and EU Member States (see Section 13, Disposal Considerations).

#### **SECTION 7 - HANDLING AND STORAGE**

#### 7.1 Precautions for Safe Handling:

### Cure & Seal WB

#### Version 1

To prevent eye contact under the foreseeable conditions of use, wear appropriate safety eyewear. When handling, do not eat, drink, or smoke. Wash thoroughly after handling. Do not handle or store near heat, sparks, or flame.

#### 7.2 Storage and Handling Practices:

Keep away from incompatible materials. Keep container closed when not in use and store in well ventilated area.

#### 7.3 Specific Uses:

25% solids water-based cure & seal.

#### SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION

#### 8.1 Exposure Parameters:

Ingredients	CAS No.	OSHA PEL	NIOSH PEL
Propylene glycol ether	770-35-4	Not listed	Not listed

#### 8.2 Exposure Controls:

Ventilation and Engineering Controls:

Use with adequate ventilation to ensure exposure levels are maintained below the limits provided above.

The following information on appropriate Personal Protective Equipment is provided to assist employers in complying with OSHA regulations found in 29 CFR Subpart I (beginning at 1910.132), or standards of EU member states (including EN 149 for respiratory PPE, and EN 166 for face/eye protection), and those of Japan. Please reference applicable regulations and standards for relevant details.

Respiratory Protection:	Not required for properly ventilated areas. Maintain airborne contaminant concentrations below guidelines listed above, if applicable. If necessary, use only respiratory protection authorized in the U.S. Federal OSHA Respiratory Protection Standard (29 CFR 1910.134), equivalent U.S. State standards, Canadian CSA Standard Z94.4-93, the European Standard EN149, or EU member states.
Eye Protection: Hand Protection:	Safety glasses or goggles are required. If necessary, refer to U.S. OSHA 29 CFR 1910.133, Canadian Standards, and the European Standard EN166, Australian Standards, or relevant Japanese Standards. Chemical resistant gloves are required to prevent skin contact. If necessary, refer to U.S. OSHA 29 CFR 1910.138, the European Standard DIN EN 374,

### Cure & Seal WB

	the appropriate Standards of Canada, Australian
Body Protection:	Standards, or relevant Japanese Standards. Use body protect appropriate to task being performed.
	If necessary, refer to appropriate Standards of
	Canada, or appropriate standards of the EU, Australian Standards, or relevant Japanese
	Standards. If a hazard of injury to the feet exists
	due to falling objects, rolling objects, where
	objects may pierce the soles of the feet or where employee's feet may be exposed to electrical
	hazards, use foot protection, as described in
	U.S. OSHA 29 CFR 1910.136.

#### Version 1

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all of the information required by those regulations.

#### **Canadian WHMIS Classification and Symbols:**

This product is Class B2, Flammable Liquid, and D2B, Materials causing other toxic effects, per WHMIS Controlled Product Regulations.

#### **15.3 European Economic Community Information:**

This product meets the definition of a hazardous substance or preparation as defined by the European Union Council Directives 67/548/EEC, 1999/45/EC, 1272/2008/EC and subsequent Directives. See Section 2 for Details.

**Chemical Safety Assessment:** 

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

#### **15.4 Australian Information for Product:**

Components of this product are listed on the International Chemical Inventory list.

#### **15.5 Japanese Information for Product:**

Japanese Minister of International Trade and Industry (MITI) Status: The components of this product are not listed as Class I specified Chemical Substances, Class II Specified Chemical Substances, or Designated Chemical Substances by the Japanese MITI.

#### **15.6 International Chemical Inventories:**

Listing of the components on individual country Chemical Inventories is as follows:

Australian Inventory of Chemical Substances (AICS): Listed

Korean Existing Chemicals List (ECL): Listed

Japanese Existing National Inventory of Chemical Substances (ENCS): Listed Philippines Inventory if Chemicals and Chemical Substances (PICCS): Listed U.S. TSCA: Listed

#### SECTION 16 – OTHER INFORMATION

Prepared By: Chris Eigbrett (MSDS to GHS Compliance) Date of Printing: January 10, 2014

The information contained herein is believed to be accurate but is not warranted to be so. Data and calculations are based on information furnished by the manufacturer of the product and manufacturers of the components of the product. Users are advised to confirm in advance of the need that information is current, applicable and suited to the circumstances of use. This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers. SpecChem assumes no responsibility for injury to vendee or third party person proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in the data sheet. Furthermore, SpecChem assumes no responsibility for injury caused by abnormal use of this material even if reasonable safety procedures are followed. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.
