

# HERITAGE®

## LAMINATED ASPHALT SHINGLES

### PRODUCT DATA

MANUFACTURED IN FREDERICK, MD

HERITAGE® shingles feature a double-layer fiberglass mat construction with a random-cut sawtooth design. The two layers of mat are coated with asphalt and then laminated together and surfaced with mineral granules. A self-sealing strip of asphalt helps provide wind resistance.

#### USES

For application to roof decks with inclines of not less than 2 inches per foot.  
For slopes between 2 inches and 4 inches per foot, refer to application instructions.

#### ADVANTAGES

- 30-year Limited Warranty, 15-year FULL START, 5-year limited transferability.
- 15-year Limited Wind Warranty for winds up to 110 MPH\*\*.
- Shadowtone feature adds depth and dimensional appearance.
- 10-year Algae Relief-Algae Cleaning Limited Warranty that provides for cleaning of discoloration caused by certain algae growth that may occur in areas with high humidity.
- Rustic beauty of wood shakes.

**CAUTION:** This product contains crystalline silica and formaldehyde. Crystalline silica and formaldehyde have been classified as "known" human carcinogens by the International Agency for Research on Cancer (IARC) and the National Toxicology Program. This product also contains oxidized asphalt. Occupational exposures to oxidized asphalt and its emissions during roofing have been classified by IARC as a "probable human carcinogen". Oxidized asphalt also contains Polycyclic Aromatic Hydrocarbons some of which have been classified by IARC as known or probable human carcinogens. The physical nature of this product may help limit any inhalation or dermal hazard during application and/or removal. However, physical forces such as sawing, grinding or drilling during demolition work and heating or burning may increase the inhalation or dermal exposure hazard of this product. Take precautions to prevent breathing and contact with skin.
