

Sustainable Sites			Products to Consider
Credit 2	Development Density & Community Connectivity	5	Paraseal® LG allows for redevelopment in minimal footprint/dense areas
Credit 3	Brownfield Redevelopment	1	Paraseal® GM and TREMproof® 260 protect from contaminant intrusion
Credit 5	Site Development, Protect or Restore Habitat	1	Paraseal® LG allows for redevelopment in minimal footprint/dense areas
Credit 7	Heat Island Effect, Non-Roof and Roof	1 to 2	Vulkem® White coatings
Water Efficiency			Products to Consider
Credit 1	Water-Efficient Landscaping	2 to 4	Planter boxes contribute to calculation, Water gathered with TREMDrain®
Credit 2	Innovative Wastewater Technologies	2	TREMDrain® to Gather, Reuse Water
Credit 3	Water Use Reduction	2 to 4	TREMDrain® to Gather, Reuse Water
Energy & Atmosphere			Products to Consider
Prereq. 2	Minimum Energy Performance	Required	All sealants, air barriers control air movement and reduce HVAC needs
Credit 1	Optimize Energy Performance	1 to 19	All sealants, air barriers control air movement and reduce HVAC needs
Materials & Resources			Products to Consider
Credit 1	Building Reuse	1 to 4	Almost all sealants and coatings can be used with existing material to be reused
Credit 2	Construction Waste Management	1 to 2	Reusable drums, pails and tote packaging, cartridges and pails can be recycled, pallets are reusable
Credit 3	Materials Reuse	1 to 2	Almost all sealants and coatings can be used with existing material to be reused
Credit 4	Recycled Content	1 to 2	All packaging has some recycled content
Credit 5	Regional Materials	1 to 2	Regionally dependent
Credit 6	Rapidly Renewable Materials	1	Vulkem® Coatings with castor-based polyols
Indoor Environmental Quality			Products to Consider
Credit 4.1 and 4.2	Low-Emitting Materials, Adhesives/Sealants & Paints/Coatings	1 to 2	All coatings, urethanes, glazing products, firestopping, residential and acrylics are LV, most other materials as well
Credit 5	Indoor Chemical & Pollutant Source Control	1	All sealants help manage air movement
Innovation Design & Process			Things to Consider
Credit 1.1	Innovation in Design: Provide Specific Title	1 to 5	Novel ideas, design help
Credit 2	LEED-Accredited Professional	1	Michael Schmeida
