RE: Extrusions- Green Building Product Information (LEED® Information)

Tremco, as an organization, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

**Material Manufacturing Location:**

Extrusions are manufactured in Ashland, Ohio. Should your job site be within 500 straight-line miles of Ashland, this material will help contribute positively towards the Locally Manufactured Material Credit.

**Raw Material Extraction Information:**

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined

**Rapidly Renewable Raw Material Information:**

Extrusions contain 0% rapidly renewable raw material content by weight.

**Recycled Content Information (by weight: All in Product):**

1 Roll 0

**VOC Content Information:**

Extrusions have a VOC content of 0g/L equaling 0% by weight.

**Additional Information:**

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,

Michael Schmeida  
LEED Accredited Professional
