

30-YEAR WARRANTY

VERSICO
ROOFING SYSTEMS

PROVEN DURABILITY AND PEACE OF MIND

With nearly a billion square feet of single-ply membranes installed around the country, Versico has built its reputation by providing high-quality roofing membranes that offer long-lasting protection for virtually any commercial roofing application.

Because of the quality of its 90-mil VersiGard® EPDM, VersiWeld® Plus TPO and VersiFlex™-E PVC membranes, Versico is able to provide extended 30-year warranty packages for these systems, offering you peace of mind and the assurance that your building is protected from nature's most extreme conditions for the long haul. Versico is able to provide warranties that are backed by a large warranty reserve fund, ensuring that each and every warranted project will be covered.

The Membranes

Versico's 90-mil VersiGard EPDM, 80-mil VersiWeld Plus and 80-mil VersiFlex-E PVC membranes offer the ultimate in long-lasting, weather-resistant roofing systems.

90-mil VersiGard EPDM Membranes:

- Available in black or white
- Twice the protection of standard 45-mil EPDM membrane
- Fully adhered system for increased wind uplift
- Increased puncture resistance
- Superior longevity with the thickest weathering layer available
- Withstand the rigors of foot traffic

80-mil VersiWeld Plus TPO Membranes:

- Nearly double the thickness of standard 45-mil TPO membranes
- OctaGuard XT™ weathering package provides superior resistance to heat damage and ultraviolet exposure
- Increased puncture resistance
- Superior longevity with high resistance to bacteria, mildew and fungi growth
- A variety of membrane options: 80-mil VersiWeld TPO membranes, 135-mil VersiWeld VersiFleece membranes & 155-mil VersiWeld VersiFleece AC membranes

80-mil VersiFlex-E PVC Membranes:

- Increased puncture resistance
- Superior longevity with high resistance to UV, ozone and oxidation
- Fully adhered system available for increased wind uplift
- Quick and easy installation
- Enhanced energy efficiency with white, reflective membranes
- Excellent resistance to oils and chemicals

Superior Puncture Resistance

Thicker membranes provide greater puncture resistance, giving you a thicker, stronger barrier between your building and nature’s toughest elements. 90-mil VersiGard EPDM and 80-mil VersiWeld Plus membranes have consistently tested at enhanced levels of puncture resistance.

Long-Term Savings

Long-term industry analysis has proven that a quality roof system can reduce the lifecycle costs of your rooftop by up to 25%. With a strong, durable roofing system, you can reduce the number of times you need to replace your roof, not only saving money but reducing the amount of materials sent to the landfills. With Versico’s 30-year warranty coverage, you can install one roofing system over the period of 30-years instead of up to two competitive systems.

30-YEAR WARRANTY COVERAGE

Because of their excellent long-term performance, 90-mil VersiGard EPDM, 80-mil VersiWeld Plus TPO and 80-mil VersiFlex-E PVC membranes are available with optional 30-year warranty coverage. Depending upon system assembly, Versico’s 30-year watertight warranty may include:

- Accidental puncture
- Hail damage (up to 2")
- Wind damage (up to 120 mph)

With this level of warranty coverage, you can rest assured that your roofing system will provide you with the ultimate protection and performance for years to come.
