

3 in 1 Pipe Flashing

OVERVIEW

Knowing exactly what size vent pipes will be at a job site when you arrive is not always possible.

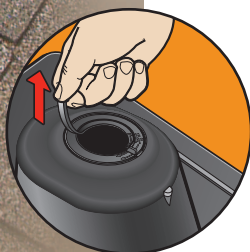

Carrying inventory in a wide variety of vent pipe flashing sizes can be costly and difficult to manage.

To help you successfully handle the problems associated with a variety of pipe sizes TRI-BUILT® MATERIALS GROUP, LLC has created the 3 in 1 Pipe Flashing.

1. Cut

2. Peel

FEATURES

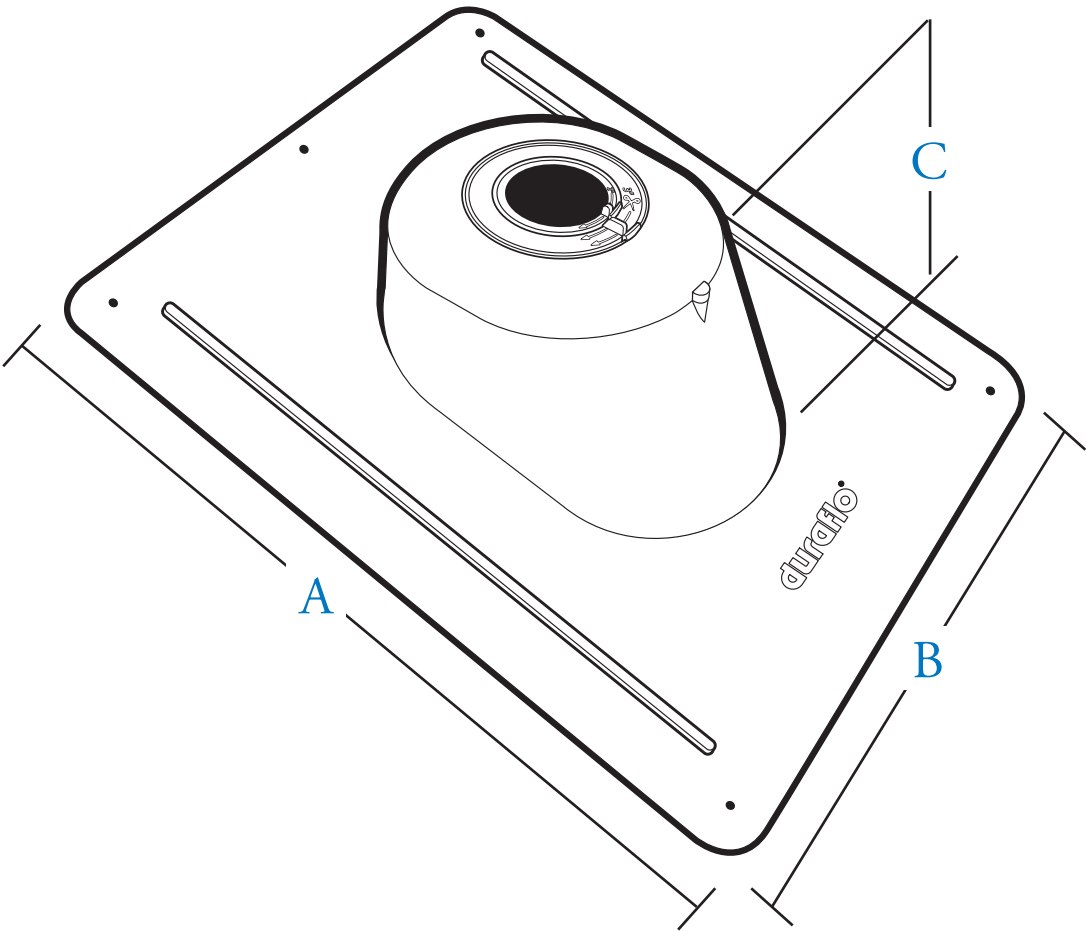

- UV and Extreme Cold Resistant
- Built in water deflectors
- Fits roof pitches from 2/12 to 12/12
- Patent Pending
- Cut and Peel for 1.5" to 3" vents

SPECIFICATIONS

COLOR	PART #	CTN. QTY.	WT.CTN. (LBS.)
PIPE SIZE 1.5" TO 3"			
Black	88870100	12	6

Based on feedback from the roofing community, the new 3 in 1 is easy to use and creates a durable seal for all pipe sizes. By simply making a small cut and peeling away the inner rings as required, 3 pipe sizes can be flashed and sealed perfectly with one product.

DIMENSIONS

1.5" - 3" Pipe Size

- A: 15"
- B: 12"
- C: 4"

MISSION

The TRI-BUILT® brand is synonymous with quality products for the construction industry. Our wide assortment of building materials can be found throughout the United States and are used by leading contractors and builders who are committed to quality construction. As industries evolve, opportunities typically arise in developing markets utilizing new technologies. As a leader in roofing technology, TRI-BUILT® MATERIALS GROUP, LLC constantly searches for and evaluates opportunities to provide it's customers with new and unique solutions. Through established partnerships, TRI-BUILT® MATERIALS GROUP, LLC utilizes the best research and development combined with state of the art technology to ensure quality solutions for our customers. It is this commitment to excellence that brings quality to our name.
