

Product Guide for LEED

June 2020

TECHNICAL INFORMATION

800-545-6302 ext. 5607

www.americangypsum.com

American Gypsum Company, LLC provides the following for use in achieving LEED Credit. Percentages shown are averaged by weight and calculated using strict ISO 14021 guidelines. American Gypsum cannot guarantee the plant location for each individual project but all plants offer some degree of environmentally friendly features. Accountability for all product calculations for LEED Certification of a project is the responsibility of the LEED applicant.

NON FIRE RATED WALLBOARD
