

SAFETY DATA SHEET

HYDROFLEX RB®

SECTION 1 IDENTIFICATION

Product Name	Hydroflex RB®
Product Identifier	Mixture of asphalt, polypropylene, polyester, filler, and
Recommended Use	APP Modified Bitumen Roofing Material
Restrictions	None
Manufacturer	American Hydrotech, Inc.
Address	303 East Ohio Street Chicago, IL 60611
Phone Number	(800) 877-6125
Emergency Number	(800) 633-8253 (PERS #11540)

SECTION 2 HAZARDS

GHS Classification	H372
Hazard Pictographs	
Signal Word	WARNING
Hazard Statements	H372 - Causes damage to organs (central nervous system, eye, skin, lung, liver) through prolonged or repeated exposure (dermal, inhalation)
Precautionary Statements	P260 - Do not breathe fume, gas, vapors P264 - Wash hands, forearms and face thoroughly after handling P270 - Do not eat, drink or smoke when using this product P280 - Wear protective gloves and clothing P314 - Get medical advice/attention if you feel unwell P501 - Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste

SECTION 3 COMPOSITION

Chemical Composition

COMPONENT	CAS NUMBER	PERCENT BY WEIGHT
Petroleum Asphalt	8052-42-4	50-65
Polypropylene	9003-07-0	14-18
Non-Woven Polyester	64742-88-7	3-8
Filler	1317-65-3	18-25
Copper Hydroxide	20427-59-2	>4

Note: The above components and their percentages are provided for health and safety purposes, ONLY. This document should not be construed as a guaranteed analysis of any specific lot or as specifications for the product.

SAFETY DATA SHEET
HYDROFLEX RB®

SECTION 4 FIRST AID MEASURES

Eyes	Immediately flush with large amounts of potable water. Eye lids should be held away the eyeball to ensure thorough rinsing. Get medical attention if irritation persists.
Skin	Remove contaminated clothing and wash with soap and water.
Inhalation	Remove affected person from source of exposure. If not breathing, institute cardiopulmonary resuscitation (CPR). If breathing is difficult, give oxygen. Get medical attention.
First-Aid, Ingestion	Consult a physician if unusual reaction is noted. Product is not intended nor is it likely to be ingested or eaten.
Symptoms, Acute & Delayed	Refer to Section 11 - Toxicological Information
Immediate Medical Attention	All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials

SECTION 5 FIRE FIGHTING MEASURES

Flash Point	> 520-650 °F (ASTM D92) LEL – 1.0% UEL 6.0%
Hazardous Products of Combustions	Carbon dioxide, carbon monoxide and partially burned carbon
Extinguishing Media	Foam CO ₂ or dry chemical extinguishers.
Firefighting instruction	Burning of this product will produce thick black smoke.
Explosion Hazard	None
Protection Gear	Do not enter fire area without proper equipment, including respiratory protection.

SECTION 6 ACCIDENTAL RELEASE MEASURES

Personal Precautions	No special precautions should be necessary if material is used under ordinary conditions and as recommended.
Personal Precautions	No emergency procedures should be necessary if material is used under ordinary conditions as recommended.
Environmental Precautions	Avoid run off to waterways and sewers.
Method and Materials for Containment & Clean Up	Pick up large pieces. Vacuum dust. If sweeping is necessary, use a dust suppressant such as water. These procedures will help to minimize potential exposures. Scoop up material and put into a suitable container for disposal as a nonhazardous waste.

SECTION 7 HANDLING AND STORAGE

Handling	Use this product with adequate ventilation. Avoid breathing dusts or fumes generated from cutting or heating this material. Always wash work clothes separately from other clothing. Wash thoroughly after handling. Use personal protective equipment as described in Section 8.
Storage	Keep containers cool, dry and away from sources of ignition. DO NOT STORE NEAR HEAT, SPARKS, FLAME, OTHER SOURCES OF IGNITION OR STRONG OXIDIZERS.

SAFETY DATA SHEET

HYDROFLEX RB®

SECTION 8 EXPOSURE CONTROLS AND PERSONAL PROTECTION

Eye	Safety glasses with side shields should be worn at a minimum.
Skin	Normal work clothing (long sleeved shirts, long pants and smooth bottom work shoes) is recommended.
Respiratory	Use NIOSH or MSHA approved respiratory protective equipment when airborne exposure limits are exceeded.
Ventilation	Ventilation may be used to reduce airborne concentrations. If ventilation can not reduce airborne concentrations below acceptable limits, appropriate respiratory protection should be used. '
Work/Hygienic Practices	Wash hands after application

Note: All pigments, fillers, fibers and extenders in this product are totally encapsulated and do not pose a respirable dust hazard during installation and use of this product. Components referred to herein, may be regulated by specific Canadian provincial legislation. Please refer to exposure limits legislated for the province in which the substance will be use.

SECTION 9 PHYSICAL AND CHEMICAL PROPERTIES

Physical State	solid
Appearance	Polyester-reinforced, APP polymer modified asphaltic material
Odor	Slight asphalt odor
Odor Threshold	No data available
pH	No data available
Relative Evaporation Rate	No data available
Boiling Point	> 900 °F; > 482°C
Freezing Point	No data available
Flash Point	520-650 °F
Auto-ignition Temperature	No data available
Decomposition Temperature	No data available
Flammability (solid, gas)	No data available
Specific Gravity (H₂O =1)	0.9 - 1.1
Vapor pressure	< 0.1
Vapor Density (AIR=1)	> 20
Density (lb/gal)	<10.0
Solubility in Water	Nil

SECTION 10 STABILITY AND REACTIVITY

Stability	Stable at room temperature in closed containers under advised storage and handling conditions.
Reactivity	Upon combustion CO and CO ₂ are formed
Conditions to Avoid	Strong oxidizers, no spark or open flame, direct sunlight and high temperatures
Hazardous Decomposition	Carbon monoxide, carbon dioxide, hydrogen sulfide and sulfur dioxide
Hazardous Polymerization	Will not occur

SAFETY DATA SHEET
HYDROFLEX RB®

SECTION 11 TOXICOLOGICAL INFORMATION

Mutagenicity	May cause genetic defects (dermal, inhalation)
Carcinogenicity	May cause cancer (dermal, inhalation)
Specific Target Organ Toxicity	Causes damage to organs (central nervous system, eye, skin lung and liver) through prolonged or repeated exposure.
Chronic Effects	Prolonged and repeated skin contact may cause dermatitis, photo-sensitization and melanosis.
Potential Adverse Human Health Effects	Based on available data, the classification criteria are not met.

SECTION 12 ECOLOGICAL INFORMATION

Toxicity	Employ best management practices to prevent this material from entering storm sewer systems, waterways or otherwise impacting plant and animal species.
Environmental Transport	No Data
Environment Degradation	No Data
Soil Absorption/Mobility	No Data

SECTION 13 DISPOSAL CONSIDERATIONS

Product Waste	The transportation, storage, treatment and dispose of this waste must be conducted in accordance with all applicable federal, state and local regulations.
Packaging Waste	The transportation, storage, treatment and dispose of this waste must be conducted in accordance with all applicable federal, state and local regulations.

SECTION 14 TRANSPORT INFORMATION

Transportation Regulations	This product is not regulated as a hazardous material in transportation.
National Motor Freight Classification (NMFC)	

SECTION 15 REGULATORY INFORMATION

TSCA Inventory	Components are listed
DSL Inventory	Components are listed
WHMIS Classification	Class B, Division 2
Sara Hazard Notification	Not listed on United States SARA Section 313
CA Proposition 65	This product may contain chemicals known to the state of California to cause cancer, birth defects, and/or other reproductive harm.

Refer to Section 11 for OSHA/HPA Hazardous Chemical(s) and Section 13 for RCRA classification.

SECTION 16 OTHER INFORMATION

The information and recommendations contained herein are to the best of Hydrotech's knowledge and belief, accurate and reliable as of the date issued. Hydrotech does not warrant or guarantee their accuracy or reliability, and Hydrotech shall not be liable for any loss or damage arising out of the use thereof.

The information and recommendations are offered for the users consideration and examination, and it is the user's responsibility to satisfy itself that they are suitable and complete for its particular use. It is also the users responsibility to make certain that it is relying upon the most recent, updated, information and recommendations available from Hydrotech.

The Environmental Information included, as well as the Hazardous Material Identification System (HMIS) and National Fire Protection Association (NFPA) ratings, have been included by Hydrotech in order to provide additional health and hazard classification information. The ratings recommended are based upon the criteria supplied by the developers of these rating systems, together with Hydrotech's interpretation of the available data.
