

Starter Track Casing

AMICO EIFS Starter Track/Casing (Without Drip Edge) and with Drainage Holes can be installed at the bottom of the wall as a starter track, but is usually installed around the perimeter of the wall as a casing to protect the edge of the foam board and finish from damage and the elements. This product does not have a drip edge. Ridges and perforations on the face of this bead aid in finish adhesion. Excellent adhesion of EIFS finishes and paint can be expected with all AMICO vinyl EIFS beads.

Starter Track Casing

| PRODUCT NO. | BOARD THGICKNESS "A" | PIECES PER BOX |
