

EIFS VINYL STARTER TRACK CASING WITHOUT DRIP EDGE

FOR EIFS APPLICATIONS

Installed at the bottom of the wall as a starter track, but is usually installed around the perimeter of the wall as a casing to protect the edge of the foam board and the finish from damage and the elements. This product has drainage holes, but does not have a drip edge. Ridges and perforations on the face of this bead aid in finish adhesion. Excellent adhesion of EIFS finishes and paint can be expected with all AMICO vinyl EIFS beads.

Product Submittal	Product Number	Dimensions	Board Thickness
	AMST-1000	3" x 1"	1"
	AMST-1500	3" x 1½"	1½"
	AMST-2000	3" x 2"	2"
Profile is 3-inches High			
Standard Length is 10-ft.			

FINISH

The finish on all AMICO vinyl EIFS /DEFS accessories is compatible with standard acrylic and paint finishes. Standard Color is white.
