585 ARMOR FLEX

LIQUID SILICONE ROOF MEMBRANE

APOC 585 Liquid Silicone Roof Membrane White is a solvent-free, moisture cure, high solids, silicone coating. APOC 585 is formulated to help reduce cooling costs, heat gain, carbon emissions and health hazards associated with these emissions. APOC 585 resists ponding water and creates a tough, flexible and resilient barrier that helps prevent damage from severe weather. With proper maintenance, APOC 585 will greatly extend the life of the roof.

USES:

- Protects, reflects and cools roofs
- Creates a tough, flexible, resilient protection against extreme weather
- Bright white color delivers long lasting reflectivity helping to lower utility costs
- Greatly extends existing roof life

FEATURES:

- High solids, for ultimate durability and protection
- Cures quickly, even in cooler temperatures
- Solvent-free
- Rain safe in 15 minutes
- One-coat application, saves time and labor
- Available in white, tan or gray
- Compliance and certifications:

SUBSTRATES:

METAL

MOD-BIT

SINGLE-PLY

RELATED PRODUCTS:

PREP

APOC 801 Heavy Duty Roof Cleaner is a high performance concentrated cleaner that is the ideal way to prep and clean roof membranes prior to coating with silicone or acrylic coatings.

PRIME

APOC 583 Armor-Base Waterborne Bleed Blocking Primer should be used on applications over asphalt substrates to help limit bleed through, discoloration and promotes surface adhesion. APOC 296 is available for applications over single ply.

PATCH

APOC 581 Silicone Roof Patch is a premium, highly flexible and durable repair product for use with silicone coatings.
