**Section 4 – First Aid Measures**

**Inhalation:** Supply fresh air and consult a physician in case of symptoms.

**Ingestion:** Drink copious amounts of water and provide fresh air. Consult a physician immediately.  
Do not induce vomiting without medical advice. If a person vomits, place him/her in the recovery position. Never give anything by mouth to an unconscious person.

**Skin Contact:** Rinse skin with warm water. Seek medical attention if irritation persists. Wash contaminated clothing before reuse

**Eye Contact:** Immediately flush eyes with plenty of water for at least 15 minutes, lifting upper and lower eyelids occasionally and consult a physician.

**Section 5 – Fire Fighting Measures**

**Auto ignition Temperature:** Not combustible.

**Hazardous combustion Products:** Carbon monoxide (CO)  
Carbon dioxide (CO<sub>2</sub>)

**Extinguishing Media:** Water, foam, CO<sub>2</sub>, extinguishing powder or water mist – Product is not combustible.

**Special Fire Fighting Procedures:** In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face-piece operated in the pressure demand or other positive pressure mode.

**Unusual Fire and Explosion Hazards:** Containers can build up pressure if exposed to heat (fire). Cool closed containers exposed to fire with water spray.

**Section 6 – Accidental Release Measures**

**Measures for Cleaning/Collecting:** Wear appropriate protective equipment (see section 8). Contain and collect spillage with absorbent materials, i.e. sand, earth, vermiculite, diatomaceous earth, acid and universal binders, sawdust, and place in container for disposal. Rinse residual stain with water. Prevent material from reaching sewage and drainage systems or bodies of water.

**Section 7 – Handling and Storage**

**Handling:** Avoid contact with skin, eyes and clothing. Keep out of reach of children. Keep away from heat and direct sunlight. Do not store open containers. No special measures required.

**Storage:** No special storage precautions needed. Store in original container, away from foodstuffs. Store containers tightly closed in a cool (frost free), well ventilated place.

### Section 8 – Exposure Controls / Personal Protection

**General Information:** Eye-wash bottle must be available.  
The product does not contain any relevant quantities of materials that have to be monitored at the workplace.

**Engineering Controls:** Provide good (mechanical) room ventilation to control any air contaminants.

**Respiratory Protection:** Not generally required if room is well ventilated. In case of insufficient ventilation wear suitable respiratory equipment. When workers are facing concentrations above the exposure limit they must use NIOSH approved respirators.

**Skin Protection:** When installing, wear appropriate protective gloves (butyl, rubber) to prevent hand-skin exposure. Wear appropriate impervious clothing to prevent skin exposure (long sleeve shirt and long pants).

**Eye Protection:** Wear tightly sealed safety glasses with side shields or goggles. Face shield as necessary.
