

ARDEX TECHNICAL UPDATE

Update 75

March 29, 2016

To: ARDEX Sales Professionals, Sales Managers, Corporate (select)

From: ARDEX Technical Department

ARDEX BACA – Recommendation Clarification

We are writing to clarify our recommendations for installing ARDEX BACA. For all applications, ARDEX BACA must be allowed to dry to the touch prior to placement of the repair mortar or concrete. The mortar or concrete must then be placed within 24 hours.

Should you have any questions on this information, please contact the ARDEX Technical Service Department.

A handwritten signature in black ink, appearing to read "TASch", with a long horizontal line extending to the right.
