

Manufacturer's Certification Statement

Pertaining to the Energy Policy Act of 2005 and the American Recovery and Reinvestment Act of 2009

Atlas Roofing Corporation is the manufacturer of the following high thermal efficiency polyisocyanurate foam insulating panels used to insulate roof assemblies and wall assemblies in Residential and Commercial applications. Atlas Roofing Corporation certifies that the following products qualify as Eligible Building Envelope Components under section 25C of the Internal Revenue Code (IRC), IRS Notice 2006-26, and the Federal Tax Credit for existing homes under the American Recovery and Reinvestment Act of 2009.

Eligible Products	Required Thickness
ACFoam®-II	1.0" through 4" thickness
ACFoam®-III	1.0" through 4" thickness
ACFoam®-IV	1.0" through 4" thickness
ACFoam® Supreme	1.0" through 4" thickness
ACFoam® Recover Board	0.5" through 1" thickness
ACFoam® Composite/PB	1.5" through 4" thickness
ACFoam® Composite/FB	1.5" through 4" thickness
ACFoam® Composite/GB	1.3" through 4.3" thickness
ACFoam® Nailbase	1.5" through 5.5" thickness
ACFoam® CrossVent™	2.5" through 6.5" thickness
ACFoam® CrossVent™ RB	2.5" through 6.5" thickness
Energy Shield®	½" through 4" thickness
Energy Shield® Plus	½" through 4" thickness
Rboard [®]	½" through 4" thickness
Stucco Shield®	½" through 4" thickness

Consult your Tax Advisor to determine how to apply for potential tax credits.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.

Notice: No freedom from any patent owned by The Atlas Roofing Corporation or others is to be inferred. Because conditions and applicable laws may differ from one location to another and may change with time, Customer is responsible for determining whether products and the information in this document are appropriate for Customer's use and for ensuring Customer's workplace and disposal practices are in compliance with applicable laws and other government enactments. Atlas Roofing Corporation assumes no responsibility for the information in this document. NO WARRANTIES ARE GIVEN; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED.

Combustible: Do not leave exposed. This product will burn if exposed to an ignition source of sufficient heat and intensity, or open flame, such as a welder's torch. Like other organic materials, this product will release smoke if ignited. Do not apply flame directly to Atlas Insulation. Protect from high heat sources. Atlas Roofing Corporation foam insulating products, when used in a building containing combustible building products, may contribute to the spread of fire. Local building codes may require a protective or thermal barrier. Atlas Roofing Corporation insulating foam products should only be used in strict accordance with Atlas's recommended uses and product application instructions. For more information, contact the Atlas Roofing Corporation website at www.AtlasRoofing.com and your local building inspection office.

WARNING: Atlas Roofing Corporation foam panels do not constitute a working load supporting surface or qualify as any type fall protection.
