EMERGENCY OVERVIEW

CAUTION! Direct skin and eye contact may cause irritation.
Appearance/Odor: Black, pliable gum, no odor

3. Hazards Identification

**Primary Routes(s) Of Entry**
- Inhalation

**Eye Hazards**
Particles may cause eye irritation.

**Skin Hazards**
May cause irritation to sensitive skin.

**Ingestion Hazards**
Not a probable route of exposure.

**Inhalation Hazards**
Not a probable route of exposure under normal conditions of use.

4. First Aid Measures

**Eye**
In case of contact, hold eyelids apart and immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately if irritation develops and persists.

**Skin**
Remove contaminated clothing and shoes. Wash affected areas with soap and water.
4. First Aid Measures - Continued

**Ingestion**
Get medical attention immediately. DO NOT INDUCE VOMITING. Never give anything by mouth to an unconscious victim.

**Inhalation**
Remove the person from the contaminated area to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Contact a physician if symptoms develop.

5. Fire Fighting Measures

**Flash Point:** >400 °F 204 °C
**Flash Point Method:** Pensky Marten closed cup

**Fire And Explosion Hazards**
During a fire carbon monoxide, carbon dioxide, sulfur dioxide, nitrogen oxides, and irritating and toxic gases may be generated.

**Extinguishing Media**
Carbon dioxide, water fog, dry chemical, or chemical foam.

**Fire Fighting Instructions**
Firefighters should wear self-contained breathing apparatus and full protective gear.

6. Accidental Release Measures

Contain and/or absorb spill with inert material (e.g. sand, vermiculite). Collect and dispose in accordance with applicable regulations. Avoid runoff to waterways and sewers.

7. Handling And Storage

**Handling And Storage Precautions**
Keep containers tightly closed. Store in a cool, dry, well-ventilated area. Protect from heat sparks, strong oxidizers or flame. Use only with adequate ventilation.

8. Exposure Controls/Personal Protection

**Engineering Controls**
Use with adequate general and local exhaust ventilation. When used outdoors, stay well away from building air intakes or close and seal the intakes to prevent product from entering building.

**Eye/Face Protection**
Safety glasses with side shields or splash goggles recommended.

**Skin Protection**
Use with chemical-protective gloves to prevent skin contact.

**Respiratory Protection**
None normally required. Respirator use may be required due to secondary operations such as mixing, spraying, sanding, buffing, etc. The level of respiratory protection needed should be based on the evaluation of chemical exposures by a health or safety professional. If required, use an appropriate NIOSH-approved respirator equipped with a half-face air purifying respirator with an organic vapor cartridge and pre-filter or a supplied air respirator.

9. Physical And Chemical Properties

**Appearance**
Black, pliable gum
9. Physical And Chemical Properties - Continued

**Odor**
No odor

**Chemical Type:** Mixture  
**Physical State:** Solid  
**Boiling Point:** not available °F  
**Specific Gravity:** 1.32  
**Percent Volatiles:** 0  
**Vapor Pressure:** not applicable  
**Vapor Density:** not available  
**pH Factor:** not available  
**Solubility:** Insoluble  
**Evaporation Rate:** not available

10. Stability And Reactivity

**Stability:** Stable  
**Hazardous Polymerization:** Not expected to occur  

**Conditions To Avoid (Stability)**
Extreme temperatures, open flames, or oxidizers.

**Incompatible Materials**
Strong oxidizers.

**Hazardous Decomposition Products**
Decomposition not expected to occur if handled and stored properly.

11. Toxicological Information

**Chronic/Carcinogenicity**
None of the ingredients present in this product, at concentrations equal to or greater than 0.1%, have been determined to be carcinogenic by IARC, NTP, OSHA, or ACGIH.

**Miscellaneous Toxicological Information**
Toxicological testing has not been conducted for this product overall. Available toxicological data for individual ingredients are summarized below.

12. Ecological Information

None identified.

13. Disposal Considerations

Dispose in accordance with applicable federal, state and local government regulations.

14. Transport Information

Ground Not restricted  
IMDG Not restricted  
IATA Not restricted
15. Regulatory Information

**Canadian Regulatory Information**
This product has been classified in accordance with the hazard criteria of the CPR and the MSDS contains all the information required by the CPR. WHMIS Classification: Not classified or controlled.
