

# QuicKey™ LOCKING-TAB™ Stakes

- LOCKING-TAB™ stakes are manufactured from heavy gauge HRPO steel and are available in 12", 15", 18", 24" and 30".
- Stakes quickly interlock at any point with key joint, reducing time to place stakes precisely.
- Audible click when installed with the key joint
- LOCKING-TAB™ stakes provide a positive interlock between stake and key joint that eliminates floating or rising from the stake, minimizing high spots.
- The stake profile features a non-twist design which allows the stake to be driven at a straight angle.
