

#### In accordance with OSHA 29 CFR 1910.1200

CLIMB Revision Number 2 Revision date 15-Jul-2024 Supersedes date 17-Sep-2018

1. Identification	
1.1. Product identifier	
Product Name	CLIMB
Other means of identification Other information	Not applicable
1.2. Relevant identified uses of the	substance or mixture and uses advised against
Recommended use Restrictions on use	Adhesives and/or sealants No information available
1.3. Details of the supplier of the sa	fety data sheet
Responsible Party Bostik Inc. 11320 W. Watertown Plank Road Wauwatosa, Wisconsin 53226 USA Phone: +1(800) 726-7845 (Domestic Phone: +1 (414) 774-2250 (Internatio	
E-mail	msds@bostik.com
<u>1.4. Emergency telephone number</u> Emergency Telephone	CHEMTREC (Chemical Transportation Emergency Center) Chemtrec: 1-800-424-9300 (US) , 1-703-527-3887 (Outside U.S.) <b>Rocky Mountain Poison Center:</b> 1-866-767-5089
2. Hazard(s) identification	
2.1. Classification of the substance	or mixture
Serious eye damage/eye irritation Skin sensitization Reproductive toxicity	Category 2A Category 1 Category 1B
Hazards not otherwise classified (H Not applicable	NOC)
2.2. Label elements	EMERGENCY OVERVIEW

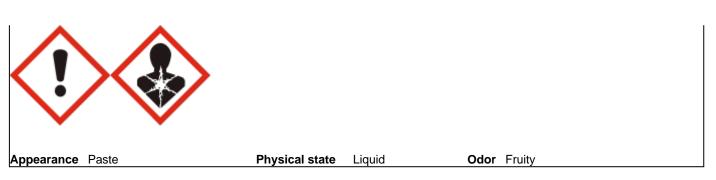

#### Danger

EWIERGENCTOVERVIEV

#### Hazard statements

Causes serious eye irritation May cause an allergic skin reaction May damage fertility or the unborn child

CLIMB Revision Number 2

#### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Wear protective gloves/protective clothing/eye protection/face protection Wash face, hands and any exposed skin thoroughly after handling Avoid breathing dust/fume/gas/mist/vapors/spray Contaminated work clothing must not be allowed out of the workplace

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention IF ON SKIN: Wash with plenty of water and soap If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse

#### **Precautionary Statements - Storage**

Store locked up

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### 2.3. Other Information

Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing.

#### 3. Composition/information on ingredients

#### 3.1. Substances

Not applicable.

#### Mixture

Chemical name	CAS No.	Weight-%
Carbonic acid, calcium salt (1:1)	471-34-1	30 - 60
Limestone	1317-65-3	5 - <10
Stearic acid	57-11-4	1 - <5
Trimethoxyvinylsilane	2768-02-7	1 - <5
Titanium dioxide	13463-67-7	0.1 - <1
1-Propanamine, 3-(trimethoxysilyl)-	13822-56-5	0.1 - <1
Tin, dibutylbis(2,4-pentanedionato-O,O')-, (OC-6-11)-	22673-19-4	0.1 - <1
Glycidoxypropyltrimethoxysilane	2530-83-8	0.1 - <1
Bis(2,2,6,6-tetramethyl-4-piperidyl) sebacate	52829-07-9	0.1 - <1

\*The exact percentage (concentration) of composition has been withheld as a trade secret

4. First-aid measures	
4.1. Description of first aid measu	res
General advice	Show this safety data sheet to the doctor in attendance. If medical advice is needed, have product container or label at hand.
Inhalation	Remove to fresh air. If symptoms persist, call a physician.
Eye contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Do not rub affected area. If eye irritation persists: Get medical advice/attention.
Skin contact	May cause an allergic skin reaction. May cause sensitization by skin contact. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Wash contaminated clothing before reuse. In the case of skin irritation or allergic reactions see a physician.
Ingestion	Small amounts of toxic methanol are released by hydrolysis. Rinse mouth thoroughly with water. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice. Call a physician immediately.
Self-protection of the first aider	Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).
4.2. Most important symptoms and	d effects, both acute and delayed
Symptoms	None known.
Effects of Exposure	No information available.
4.3. Indication of any immediate m	edical attention and special treatment needed
Note to physicians	May cause sensitization by skin contact. May cause sensitization in susceptible persons. Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing. Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released, when the product is exposed to moisture or water. Treat symptomatically.
5. Fire-Fighting Measures	
5.1. Extinguishing media	
Suitable Extinguishing Media Large Fire	Water spray, carbon dioxide (CO2), dry chemical, alcohol-resistant foam. CAUTION: Use of water spray when fighting fire may be inefficient.
Unsuitable extinguishing media	Full water iet

Unsuitable extinguishing media Full water jet.

#### 5.2. Special hazards arising from the substance or mixture

Specific hazards arising from the chemical	Thermal decomposition can lead to release of irritating gases and vapors. Product is or contains a sensitizer. May cause sensitization by skin contact.
Hazardous combustion products	Carbon oxides. Carbon monoxide. Carbon dioxide (CO2). Silicon dioxide.

CLIMB Revision Number 2

#### Explosion data

Sensitivity to mechanical impact None.

Sensitivity to static discharge None.

5.3. Advice for firefighters

**Special protective equipment and** Wear self contained breathing apparatus for fire fighting if necessary. **precautions for fire-fighters** 

6. Accidental	Release	Measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	Use personal protective equipment as required. Ensure adequate ventilation. Do not get ir eyes, on skin, or on clothing.	
Other information	Refer to protective measures listed in Sections 7 and 8.	
6.2. Environmental precautions		
Environmental precautions	Prevent entry into waterways, sewers, basements or confined areas. Do not allow to enter into soil/subsoil. Avoid release to the environment. See Section 12 for additional Ecological Information.	
6.3. Methods and material for conta	ainment and cleaning up	
Methods for containment	Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13).	
Methods for cleaning up	Use personal protective equipment as required. Take up with sand or other noncombustible absorbent material and place into containers for later disposal. With clean shovel place material into clean, dry container and cover loosely; move containers from spill area. Clean contaminated surface thoroughly.	
Reference to other sections	See section 8 for more information. See section 13 for more information.	

#### 7. Handling and storage

#### 7.1. Precautions for safe handling

Advice on safe handling Use personal protective equipment as required. Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Take off contaminated clothing and wash before reuse.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage Conditions Keep containers tightly closed in a cool, well-ventilated place. Protect from moisture.

Recommended storage temperature Keep at temperatures between 50 and 95 °F / 10 and 35 °C.

CLIMB Revision Number 2

7.3 References to other sections

Reference to other sections	Section 10: STABILITY AND REACTIVITY
	Section 13: DISPOSAL CONSIDERATIONS

#### 8. Exposure controls/personal protection

#### 8.1. Control parameters

#### **Exposure Limits**

Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing. This product contains substances which in their raw state are powder form, however in this product they are in a non-respirable form. Inhalation of powder/dust particles is unlikely to occur from exposure to this product.

#### 8.2. Exposure controls

#### Appropriate engineering controls

**Engineering controls** 

Showers Eyewash stations Ventilation systems.

#### Individual protection measures, such as personal protective equipment

#### Eye/face protection

Wear safety glasses with side shields (or goggles). Avoid contact with eyes.

Hand protection	Wear suitable chemical resistant gloves. The selection of suitable gloves does not only depend on the material, but also on further marks of quality and various manufacturers.
Skin and body protection	Wear suitable protective clothing.
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment.
General hygiene considerations	Wear suitable gloves and eye/face protection. Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling. Take off contaminated clothing and wash it before reuse. Regular cleaning of equipment, work area and clothing is recommended.

## 9. Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Physical state Appearance Color	Liquid Paste White	
Odor	Fruity	
Odor threshold	No information available	
Property_	Values_	Remarks • Method

10. Stability and reactivity						
10.1. Reactivity						
Reactivity	Product cures with moisture.					
10.2. Chemical stability						
Chemical stability	Stable under normal conditions.					
10.3. Possibility of hazardous reacti	10.3. Possibility of hazardous reactions					
Possibility of hazardous reactions	None under normal processing.					
10.4. Conditions to avoid						
Conditions to avoid	Protect from moisture. Exposure to air Keep away from open flames, hot surfa	or moisture over prolonged periods. Do not freeze. aces and sources of ignition.				
10.5. Incompatible materials						
Incompatible materials	None known based on information sup	plied.				
10.6. Hazardous decomposition pro	ducts					
Hazardous decomposition products	Small amounts of methanol (CAS 67-5 curing	6-1) are formed by hydrolysis and released upon				

## 11. Toxicological information

#### 11.1. Information on toxicological effects

#### **Product Information**

Inhalation	Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract.
Eye contact	Specific test data for the substance or mixture is not available. Causes serious eye irritation. (based on components). May cause redness, itching, and pain.
Skin contact	May cause sensitization by skin contact. Specific test data for the substance or mixture is not available. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. (based on components). May cause irritation. Prolonged contact may cause redness and irritation.
Ingestion	Specific test data for the substance or mixture is not available. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.
Symptoms related to the physical,	chemical and toxicological characteristics
Symptoms	Itching. Rashes. Hives. May cause redness and tearing of the eyes.

### Acute toxicity

Numerical measures of toxicity

The following values are calculated based on chapter 3.1 of the GHS documentATEmix (oral)>5000 mg/kgATEmix (dermal)145,194.90 mg/kgATEmix (inhalation-gas)>20000 ppm

ATEmix (inhalation-dust/mist)	>5 mg/l
ATEmix (inhalation-vapor)	451.20 mg/l

Bis(2,2,6,6-tetramethyl-4-piperidyl) sebacate (52829-07-9)

The components of this product are inextricably bound in a polymer matrix and are not expected to be available as airborne hazards (dust, mist, or spray) under normal condition of use. This product contains substances which in their raw state are powder form, however in this product they are in a non-respirable form. Inhalation of powder/dust particles is unlikely to occur from exposure to this product.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

Bis(2,2,6,6-tetramethyl-4- piperidyl) sebacate 52829-07-9	EC50 72Hr 0.705 mg/l (Pseudokirchnerella subcapitata)	LC50 (96h) = 5.29 mg/l (Oryzias latipes)	-	LC50 48Hr 8.58 mg/l (Daphnia magna)

#### 12.2. Persistence and degradability

Persistence and degradability

No information available.

#### 12.3. Bioaccumulative potential

**Bioaccumulation** 

There is no data for this product.

#### **Component Information**

Chemical name	Partition coefficient
Limestone	0.9
1317-65-3	
Stearic acid	8
57-11-4	
Trimethoxyvinylsilane	1.1
2768-02-7	
Bis(2,2,6,6-tetramethyl-4-piperidyl) sebacate	0.35
52829-07-9	

#### 12.4. Mobility in soil

Mobility	No information available.
Other adverse effects	
Other adverse effects	No information available.

## 13. Disposal considerations

#### 13.1. Waste treatment methods

Waste from residues/unused products	Dispose of contents/container in accordance with local, regional, national, and international regulations as applicable.
Contaminated packaging	Handle contaminated packages in the same way as the product itself.

## 14. Transport information

Note:	The shipping descriptions shown here are for bulk shipments only, and may not apply to shipments made in non-bulk packages (see regulatory definition). The information shown here, may not always agree with the bill of lading shipping description for the material.
DOT UN number or ID number UN proper shipping name	UN3082 Environmentally hazardous substance, liquid, n.o.s. (Tin, dibutylbis(2,4-pentanedionato-O,O')-, (OC-6-11)-, Bis(2,2,6,6-tetramethyl-4-piperidyl) sebacate)
Transport hazard class(es)	9
Packing group	III

#### 15. Regulatory information

#### International Inventories

TSCA	Complies	
DSL	Complies	
Legend:		

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL** - Canadian Domestic Substances List

**Complies** - The components of this product are either listed or exempt from listing on inventory. Active

Not Listed - One or more components of this product are not listed on inventory.

#### US Federal Regulations

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

#### SARA 311/312 Hazard Categories

Should this product meet EPCRA 311/312 Tier reporting criteria at 40 CFR 370, refer to Section 2 of this SDS for appropriate classifications.

to change without notice. This is not a warranty, an agreement, or substitute for expert or professional advice. Bostik Inc. ("Company") expressly disclaims and assumes no liability for the use of the products or reliance on this information. It is the sole responsibility of the user to determine the suitability of any products for user's application(s). NO WARRANTY OF FITNESS FOR ANY PARTICULAR PURPOSE OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED (INCLUDING SUITABILITY FOR USE IN ANY MEDICAL DEVICE OR MEDICAL APPLICATION), IS MADE CONCERNING THE PRODUCTS OR THE INFORMATION PROVIDED HEREIN. The information provided relates only to the specific products designated herein and may not be valid where such products are used in combination with other materials or in any process. The performance of the product, its shelf life, and application characteristics depends on many variables, and changes in these variables can impact product performance. You are responsible to test the suitability of any product in advance for any intended use or application and before commercialization. Nothing herein shall be construed as a license for the use of any product in a manner that might infringe any patent and it should not be construed as an inducement to infringe any patent. Please carefully review the Safety Data Sheet for the product.

The Company adheres to a strict policy that applies to the use of any of its products in medical device applications. This policy can be found at

https://www.arkema.com/global/en/social-responsibility/innovation-and-sustainable-solutions/responsible-product-mana gement/medical-device-policy/ which is incorporated herein by reference and made a part hereof. Except as expressly authorized, the Company (i) has designated specific medical grade compositions for products used in medical device applications and Company products not so designated are not authorized for use in medical device applications and (ii) strictly prohibits the use of any of its products in medical device applications that are implanted in the body or in contact with bodily fluids or tissues for greater than 30 days. The Company does not design, manufacture and/or directly sell any medical devices. The Company does not co-design, or offer assistance to any purchaser of its products, in their design, manufacture and/or sale of products for medical devices. It is the sole responsibility of the manufacturer of medical devices to determine the suitability of all raw material, products and components, including any medical grade products, in order to ensure that the medical device is safe for end-use and complies with all applicable legal and regulatory requirements and to conduct all necessary tests and inspections.
