

BRICKFORM® Premium Sealers™

Create a barrier that protects concrete from yellowing, scuffing and fading. Whether it is interior, exterior, high-gloss or satin-finish, protect your masterpiece from the sun and high traffic. Seal the deal with BRICKFORM Premium Sealers.

BRICKFORM Aqua-Seal™ **NEW**

Penetrating Water-Based Sealer

BRICKFORM Aqua-Seal is a penetrating, water-based sealer that creates a water-repellent barrier. When properly applied, it dries to an invisible film that reduces the effects of efflorescence, spalling, cracking and discoloration. BRICKFORM Aqua-Seal has no volatile organic compounds and is ready-to-use, requiring no mixing or thinning.

- Invisible Protection
- Stain And Water Resistant
- Interior/Exterior Use
- Apply With Roller Or Sprayer

Part No.	Size	Ship Weight
ES-5	5 Gallon Can	40 Lbs.

BRICKFORM Gem-Seal™

High-Gloss “Wet-Look” Sealer - 400 VOC

BRICKFORM Gem-Seal is a high-gloss, lacquer-based, acrylic sealer that enhances color and has a UV inhibitor to help reduce color degradation over time. It is non-yellowing and forms a shield against stains and mildew. BRICKFORM Gem-Seal complies with VOC regulations.

- Non-Yellowing, Crystal Clear
- Dries To A Wet-Look Finish
- Interior/Exterior Use
- Enhances Color

PS-5	5 Gallon Can	40 Lbs.
PS-55	55 Gallon Drum	450 Lbs.

BRICKFORM Safety-Seal™ with Traction-Grip

Low-Sheen “Natural-Look” Sealer - 400 VOC

BRICKFORM Safety-Seal is a premium, lacquer-based acrylic sealer designed to produce a non-slip surface that protects concrete surfaces from stains and mildew. BRICKFORM Safety-Seal has an anti-slip or slip-resistant additive. BRICKFORM Safety-Seal is ideal around pool decks and areas where slip resistance is a concern. BRICKFORM Safety-Seal dries to a beautiful low-sheen finish that is resistant to UV radiation.

- Lacquer Based
- Dries To A Low-Sheen Finish
- Interior/Exterior Use
- Micronized Anti-Slip Additives

Part No.	Size	Ship Weight
MS-5	5 Gallon Can	46 Lbs.

BRICKFORM Satin-Seal™

Satin-Finish “Natural-Look” Sealer - 100 VOC

BRICKFORM Satin-Seal is a lacquer-based, acrylic sealer designed to protect and improve the natural beauty of concrete surfaces. BRICKFORM Satin-Seal will create a light satin finish with little or no color change while forming a non-yellowing, scuff-resistant finish that resists moisture penetration. BRICKFORM Satin-Seal complies with VOC regulations.

- Water Resistant
- Dries To Satin-Finish
- Interior/Exterior Use
- Easy Application
