

BRICKFORM® Resurfacing Systems

BRICKFORM Stampable Overlay™ Advantages

- Surfaces can be textured, colored and stained
- 1/4" minimum to 1/2" thick maximum overlay
- Single component
- Mix with water only

BRICKFORM Micro-Topping™ Advantages

- Surfaces can be colored and stained
- 1/16" thick overlay
- Self-priming system
- Comes in gray and white, regular and smooth grade

Engineered Concrete Overlays

BRICKFORM resurfacing products quickly and economically rejuvenate concrete surfaces. Concrete no longer needs to be removed and re-poured to fix cosmetic flaws. This can potentially save a lot of time and money. Add BRICKFORM coloring and texturing systems and your resurfaced concrete can be transformed into the beauty and elegance usually associated with new concrete installations.

Stampable Overlay

BRICKFORM Stampable Overlay™ Concrete Overlay

BRICKFORM Stampable Overlay is a dry polymer-modified cementitious coating designed to add color and texture to existing concrete surfaces. This single component system is mixed on-site with water to create a new surface that will accept color and texture. It is easy to install and forms a tough, durable topping that will not delaminate. BRICKFORM Stampable Overlay has its own primer engineered to assist in material adhesion to the surface and help control hydration. This is a simple and proven system that may be used for interior or exterior applications.

- Creates A New 1/4"-1/2" Surface
- Can Be Textured Or Colored
- Durable
- Has Its Own Primer

Part No.	Size	Ship Weight
OL-40	4 Gallon Bucket	65 Lbs.

Micro-Topping

BRICKFORM Micro-Topping™ Two-Component Concrete Topping Smooth Grade & Regular Grade

BRICKFORM Micro-Topping is a liquid, polymer-modified, cementitious overlay designed to restore and resurface existing concrete. It can be used on cured concrete to create a cosmetic, durable surface that can be colored or stained. When properly installed it permanently bonds to the concrete surface and becomes perfect for high traffic areas.

- Creates A New Surface
- Can Be Colored Or Stained
- No Primer Required
- Available in White and Grey

NEW
