

COMPLETE WATERPROOFING

Multi-Family Construction - Apartments

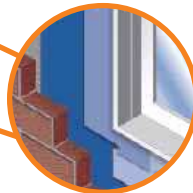

Carlisle Coatings & Waterproofing offers products that work together to completely seal the building envelope from the foundation to the roof. Each component ties into the next to provide continuous coverage preventing the intrusion of air and moisture. Continuous coverage is key in saving on high energy costs and the damaging effects of mold. Contact CCW and let one of our experts help you select the best system for your project.

AIR & VAPOR BARRIER

Walls & Windows

CCW Air & Vapor Barriers are fully adhered sheet and liquid applied membranes that provide the convenience of quick application and lasting benefits. Each have superior performance under any exterior facade.

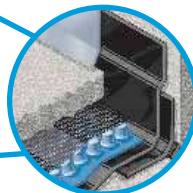

- **CCW-705** - Self-Adhering Sheet Membrane
- **Barriseal™** - Spray or Roller-Applied Membrane
- **Barritech™ VP** - Vapor-Permeable Membrane Air Barrier

WATERPROOFING

Balconies, Foundation Walls & Planters

CCWs below-grade waterproofing is easy to apply and provides low life cycle cost.

- **CCW Waterproofing Membranes**
 - **CCW MiraDRI® 860/861** - Self-Adhering Sheet Membrane
 - **CCW 525** - Liquid Applied Membrane
 - **CCW 500R** - Hot Rubber Membrane
- **CCW MiraDRAIN®** - Prefabricated Drainage Panels
- **Barricoat™** - Vapor-Retardant Waterproofing Membrane
