

ROOF GARDEN

Stained Glass Stone

Description

CCW's Stained Glass Stone is a beautiful addition to any green roof or plaza. With 12 colors to choose from, the possibilities are endless for designing anything from faux water features to company logos. With 100% post-consumer recycled content, Stained Glass Stone is an environmentally intelligent choice to turn your green roof or plaza into a dazzling oasis.

Features and Benefits

- 100% post-consumer recycled material
- 12 color options give incredible aesthetic effects
- Available in 50-pound increments with a minimum order of 500 pounds
- Large particle-size and high density prevents scouring
- Included in CCW's single-source warranty
- Can contribute toward LEED® credits

Installation

CCW's Stained Glass Stone is delivered in SuperSacks containing up to 3,000 pounds of material. Material is hoisted to the rooftop and deposited over a 1" + thick drainage composite, such as CCW's MiraDRAIN® G4. CCW's Stained Glass Stone is applied at a minimum of 10 pounds per square foot.

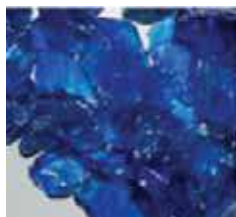

Property	Results
Density	85 lbs/cubic feet
SuperSack Capacity	1.3 cubic yards
Particle Size	1"-2"

LEED® Information	
Pre-consumer Recycled Content	0%
Post-consumer Recycled Content	100%
Manufacturing Locations	Salt Lake City, UT
