

Sure-Flex[™] PVC Roofing Systems

Sure-Flex KEE HP Roofing Systems

A ready reference guide for ordering accessories for your next PVC and KEE HP job.

Curb Wrap Corners

Fabricated flashings made of reinforced Sure-Flex membrane designed to reduce curb flashing time. One curb will require 4 corners.

Sizes Available	Product Number	Color
7" Wrap for 12" Curb	322973	White
	322970	Gray
	322977	Tan
13" Wrap for 24" Curb	322975	White
	322971	Gray
	322978	Tan
19" Wrap for 36" Curb	322976	White
	322972	Gray
	322979	Tan
Quantity	12 pieces or 3 complete curbs	

One- and Two-Way Pressure Relief Vents

Engineered to reduce moisture within the roofing system and release trapped air pressure within the building. One-Way Vents allow trapped air pressure to escape; Two-Way Vents (combined with One-Way Vents) help to reduce moisture.

Sizes Available	Product Number
9" x 12"	335592 (One-Way)
	335593 (Two-Way)
Quantity	4 pieces per box

Flashing

Non-reinforced, Sure-Flex membrane used to field-fabricate pipe flashing, flash vinyl-coated sealant pockets, and scuppers when the use of a pre-molded accessory is not feasible.

Sizes Available	Product Number	Color
12" x 50'	327840	White/Gray
	327842	White/Tan
	327841	White/Gray
24" x 50'	327843	White/Tan
	334437	Light Gray
	335821	Slate Gray
Quantity	1 roll per box	

T-Joint Covers

Injection-molded, non-reinforced flashings used to seal T-Joint splice intersections.

Sizes Available	Product Number	Color
4½" Diameter	308224	White
	309494	Gray
	359866	Light Gray
	309847	Tan
Quantity	100 per box	

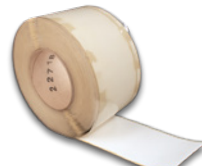

Molded Sealant Pockets

Interlocking, two-piece, injection-molded, weldable pockets used to waterproof pipe clusters or other oddly shaped penetrations.

Sizes Available	Product Number	Color
6"w x 2"h*	316542	White
	359894	Light Gray
Quantity	5 complete pockets	

*Can be adjusted from 7½" to 11½" in length

PVC Pressure-Sensitive Cover Strip

Non-reinforced KEE HP flashing laminated to a nominal 35-mil, fully cured, pressure-sensitive, synthetic rubber adhesive.

Sizes Available	Product Number	Color
6" x 100'	332616	White
	332617	Gray
	359861	Light Gray
	332618	Tan

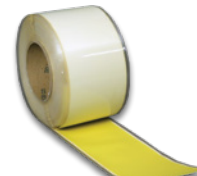

Quantity 2 rolls per box

Molded Pipe Seals

Injection-molded, pre-formed flashings.

Sizes Available	Product Number	Color
¾" – 8" diameter	316537	White
	322959	Gray
	323823	Tan
Quantity	8 per box	

Yellow PS Warning Strip

Can be used on PVC/KEE HP utilizing Step 1 Activator and Step 2 Primer for installation to indicate roof edges or other hazards.

Sizes Available	Product Number
6" x 100'	325721
Quantity	2 rolls per box

Universal Corners

Universal Corners are pre-molded and are used for flashing outside and inside corners on a variety of details. Installation is fast and easy with no stretching required.

Sizes Available	Product Number	Color
One Size	318071	White
	329288	Gray
	329289	Tan

Quantity 20 per box

Pre-molded and used for flashing inside and outside corners of a variety of details.

1 - Outside Corners

Sizes Available	Product Number	Color
One Size	329286	White/Gray
	329287	White/Tan
	359862	Light Gray/Gray

Quantity 12 per bag

2 - Inside Corners

Sizes Available	Product Number	Color
One Size	329284	White/Gray
	329285	White/Tan
	359864	Light Gray/Gray

Quantity 12 per bag

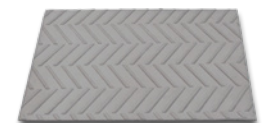

Crossgrip Walkways

An open grid walkway used to protect the membranes from regular foot traffic and other hazards requires no welding and stays in place in winds up to 60 MPH.

Sizes Available	Product Number	Color
3' x 33'	332475	White
	332474	Gray
	340355	Yellow

Quantity Packaged individually

Walkway Rolls

110-mil heat-weldable walkway rolls designed to protect Sure-Flex PVC and KEE membranes in areas exposed to repetitive foot traffic and other hazards.

Sizes Available	Product Number	Color
36" x 60"	336712	Gray

Quantity Packaged individually
