

AirRenew®

Indoor Air Quality Drywall

Now there's an AirRenew gypsum board for every building, room, and wall

The **AirRenew** family of products is the only drywall that permanently removes formaldehyde from indoor air, improving air quality for up to 75 years*. With our growing family of AirRenew gypsum, there's an AirRenew that's ideal for every room, every building, and every situation.

AirRenew Essential

Clean indoor air, and is ideal for applications where mold and moisture resistance is not required.

AirRenew Essential Type X

Improves indoor air quality plus provides enhanced fire resistance.

AirRenew M2Tech (formerly AirRenew)

Actively cleans the air plus provides enhanced moisture and mold resistance.

AirRenew M2Tech Type X

(formerly AirRenew Type X) Provides enhanced moisture and mold resistance, plus fire resistance while actively cleaning the air.

AirRenew Extreme Abuse

Provides increased durability for abuse prone areas plus enhanced moisture and mold resistance while improving indoor air quality.

AirRenew Extreme Impact

Achieves the highest level of impact resistance plus enhanced moisture and mold resistance while cleaning indoor air.
