

Midweight

CertainTeed ONE Multi-Purpose

Code: 640010

3.5 gal / 13.2 L

- Ready-Mixed Joint Compound
- Tape / Fill / Finish - Designed for all phases of drywall finishing
- Can be used for skim coating and simple texturing

EASI-FIL® RETAIL COMPOUNDS

Easi-Fil® All-Purpose Joint Compounds are pre-mixed, air drying, easy-to-use products for any drywall job. Use them to embed paper tape, conceal and finish joints, fasteners and trim accessories. Easi-Fil® compounds come in varying sizes for any job.

Easi-Fil Dust Away

Code: 640520

1 US Gal / 3.8 L

- When sanded, dust clumps and falls directly to the floor
- General purpose formula for filling, repairing and finishing
- Ideal for areas where cleanliness is required

Easi-Fil® Setting Powders are chemically setting compounds that set in a prescribed time for fast fills and repairs. They have a higher bond strength than air drying compound.

Easi-Fil Light Repair 20

Code: 640032

2.76 lb / 1.25 kg

- Setting Compound
- Filling and finishing drywall joints, trims and fasteners
- Easy to sand when dry
- Sets in 20 minutes

Easi-Fil Heavy Repair 90

Code: 640033

4.4 lb / 2 kg

- Setting Compound
- Heavy fills and repairs
- Hard surface, difficult to sand
- Sets in 90 minutes

THE CERTAINTEED M2TECH® SYSTEM

M2Tech systems protect against moisture and mold in a lower cost system solution versus paperless products. These systems promote healthy indoor air quality when used in new construction and renovations over wood or steel framing in dry areas or areas with limited water exposure.
