meet

Under crystal blue skies or silhouetted against the gathering storm, Hatteras designer shingles make a bold statement in any weather:

Bring it on.

This is one tough roof that manages to keep looking its best, no matter what the elements throw at it.

And it's one smart investment for those who appreciate how its form follows function.

Hatteras®

with
STREAK Fighter®

Shown in Hunter Green

hurricane strength & a whirlwind design

The sweeping lines and rich color palette of Hatteras designer shingles hide a deep inner strength that stands up to 110 mph winds and comes out looking great.

oversized protection

Hatteras' premium oversized construction (18" x 36") is one of the largest shingles you can buy and its extra-heavy mat and dual self-sealing strips made with an aggressive sealant formulation combine to make Hatteras as big on performance as it is on looks.

a natural palette

When you install Hatteras, you install the color palette of nature's coasts, from Cottage Red and Hunter Green to Weathered Wood.

specifications

- Oversized extra-heavy fiber glass mat with dual stripes of CertaSeal Plus advanced modified sealant
- Deep shadow lines create look of natural slate
- 235 lbs. per square

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

Roofers' Select® or DiamondDeck®

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance.

CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business.

Flat Roofs

Flintlastic roofing products are available for flat roof areas.

Hip & Ridge Caps

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Ridge Vents

CertainTeed Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.

Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low-slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

Lifetime limited transferable warranty, including 10-year SureStart™ protection, are applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

WARNING: FOR LOW-VOLUME RAIN AND SALT-FOG AREAS

In areas of low-volume rain (defined as insignificant rainfall during a 90-day period) and "salt fog," such as parts of the Southern California coastline, copper released by algae-resistant (AR) granules can react with the aluminum in gutters, leading to severe corrosion of the gutters. Therefore, in such regions, it is strongly recommended that aluminum gutters not be used with algae-resistant shingles. Vinyl or copper gutters are recommended.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.

easy selection

Add a little accent to your roof.

A stylish finishing touch for capping hips and ridges, Cedar Crest® is available in colors to match your Hatteras shingles. For the best performance, use CertainTeed High-Performance Starter—the only approved installation alternative to using the shingles themselves.

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Your home is a reflection of your lifestyle.

From the way your furniture complements your wall colors to the way your roofline interacts with the landscaping.

What does your home say about you?

Reaching for the ENERGY STARS.

As a 2015 ENERGY STAR Sustained Excellence recipient for Energy Management,

we are proud of our commitment to designing high quality, sustainable roofing products.

The best formula under one roof. We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing

process and test our finished products. The result is superior performance from beginning to end.
