CertainTeed
MainStreet™
Siding

CertainTeed
SAINT-GOBAIN

MAINSTREET™

MainStreet™ siding offers consistent quality, good looks and is the ideal choice for homeowners looking for value with the benefits of a premium panel.
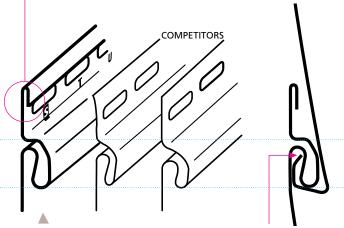

FEATURES

RigidForm™ Technology

RigidForm 160 (rolled-over nail hem) technology stiffens siding for a straighter-on-the-wall appearance and has been tested* to withstand wind load pressures up to 160 mph.

* Wind load rating per VSI wind speed calculation guidelines.

COMPETITORS

DuraLock® features an oversized rigid tear-drop shape which is substantially larger than many competitors' locks, providing secure installation.

The angular locking leg creates a secure, snap-fit installation, allowing for necessary expansion and contraction.

| Triple 3" Brushed Clapboard in desert tan | Double 4" Woodgrain Clapboard in cypress | Double 5" Woodgrain Clapboard in silver ash | Double 4" Woodgrain Dutchlap in snow |

The STUDfinder™ Installation System

STUDfinder combines precisely spaced nail slots with indicator letters, designed for accurate and secure installation.

PATENTED

STUDfinder for Accuracy

• Nail slots align with 16" on-center standards for stud spacing.
• Indicator letters help:
  - Determine location of studs
  - Ensure nails are positioned correctly
  - Ensure correct number of nails are used

With STUDfinder   Possible outcome without STUDfinder

STUDfinder for Security and Performance

• Nailing to studs provides a strong and secure connection.
• Protects against blow offs from under nailing.
• Protects against buckling from over nailing.
• Helps avoid nailing into hazardous items between studs like plumbing or wiring.

STUDfinder…
because beauty and performance start with a quality installation.
