

TECHNICAL MEMO

RE: Maintenance Instructions for Performa™ Open Plan™ acoustic ceiling panels	
From: CertainTeed Ceilings Technical Services	Phone: 800-233-8990
Email: ceilingstechnicalservices@certainteed.com	

Handling

Clean cotton gloves should be worn at all times, both during the initial ceiling assembly and any subsequent activity that may require a panel to be removed. When panels are removed they should be taken completely out of the grid and stored on a flat surface. Panels should be laid face to face in order to limit unnecessary soiling and damage during their temporary displacement.

Cleaning

Panels can be cleaned of dust and loose dirt particles by vacuuming with a soft brush attachment.
