

Technical Data Sheet

SHANGLE® RIDGE Shingles (Hip and Ridge Accessory)

PRODUCT DESCRIPTION

Shangle Ridge is a self-sealing shingle of two-piece construction that combines durability with flexibility and good looks, for use in capping hips, ridges, or rakes of shingled roofs. Installed shingle dimensions are 18" x 12" with 8" exposure.

Colors: Product is currently available in various colors. Color and product availability can vary by region; please check your region's catalogue.

Limitations: Use on hips & ridges of roofs only after application of primary roofing shingles to both intersecting roof decks. These shingles are designed to be used with CertainTeed's shingles that reference the use of CertainTeed's "Shangle Ridge Shingles". Use "Shangle Ridge" product colors that complement the shingle colors applied to the main roof.

Product Composition: Shangle Ridge shingles are composed of a fiber glass mat base. Ceramic coated mineral granules are tightly embedded in specially refined, water-resistant asphalt. Available in Algae-Resistant version only.

Applicable Standards:

ASTM D 3018, Type I

ASTM D 3462

ASTM E 108, Class A Fire Resistance:

ASTM D 3161, Class F* Wind Resistance

UL 790, Class A Fire Resistance:

UL 997 Wind Resistance

CSA Standard A123.5-98 (& -05)

NYC-MEA-120-79M

Miami-Dade Product Control Approved*

Florida Approval FL#5444

ICC-ES Evaluation Report ESR-1389

*Special hand-sealed application required (Contact CertainTeed's Technical Service Department @ 1-800-345-1145 for details).

TECHNICAL DATA

Weight/Box (approx.):	36 lb
Dimensions (installed):	18" X 12"
Pieces/Box:	15
Weather Exposure:	8"
Coverage/Box (Lineal Ft.)	10

INSTALLATION

Detailed installation instructions including diagrams are supplied on each box of Shangle Ridge shingles.

AVAILABILITY AND COST

Availability: For the names of local distributors and dealers, please write Architectural Support, P.O. Box 860, Valley Forge, PA 19482; or call (800) 233-8990.

Cost: Contact a local distributor or dealer for current price information.

MAINTENANCE

Shangle Ridge shingles do not require maintenance when installed according to manufacturer's application instructions. However, to protect the investment, any roof should be routinely inspected at least once a year. Older roofs should be looked at more frequently.

TECHNICAL SERVICES

Complete technical support and assistance is available through Architectural Support personnel, Territory Managers and the fully staffed and equipped Research and Development facility in Blue Bell, PA.
