LDC60®

FLUID APPLIED WATERPROOFING

LEED™ PRODUCT INFORMATION

LDC60 waterproofing membrane is a single-component, moisture cure urethane membrane. LDC60 is available in two grades, V and H, for vertical and horizontal applications.

MANUFACTURING LOCATION

CETCO certifies that LDC60 is manufactured in Cleveland, OH. If your project falls within a 500-mile radius of this location, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.1.

RECYCLED CONTENT

CETCO certifies that LDC60 is manufactured with a minimal percentage of post-consumer material recycled content (0.40% by weight) and post-industrial recycled content (2% by weight) from ordinary recovery of raw materials in manufacturing processes. Please note that this recycled content figures are not absolute. Day to day variations in manufacturing operations will result in minimal variations from the above listed figure. The product's recycled content by weight, LDC60 can help to contribute to earning Materials & Resources - Credit 4.1.

VOC CONTENT

CETCO certifies that LDC60 contains <250 g/L Volatile Organic Compounds (VOCs).
