## E545 EasyClip<sup>™</sup> E-Series<sup>™</sup>

ClarkDietrich EasyClip E-Series support clips are primarily used for rigid stand-off connections. The 4" wide leg provides extra length to achieve stand-off connections up to 3". The EasyClip E-Series support clips are also commonly used in bypass wall conditions, a variety of floor framing applications including solid and ladder blocking attachments and joist-to-joist connections, and to secure rafter framing to the primary structure. Available in a variety of lengths and gauges, these clips are prepunched for faster and more accurate fastener placement.

For allowable loads for multiple connection options, reference the Clip & Connector Catalog or www.clarkdietrich.com for more information.
