

Partition End Caps

2-1/2" and 3-5/8" Partition End Cap

Partition End Caps quickly finish doorways, knee walls and wall ends by capping the ends of a wall and providing a finish face. Vinyl partition end caps are designed with a special factory punched slotted flange. The slots can be cut easily to form arches or curves. This product provides time (cost) savings through single-piece installation versus installing two corner beads. You also use less compound than two corner bead applications. Multiple perforations enhance strength of joint compound adhesion. Easy to cut, rust proof and dent resistant.

Product Data & Ordering Information:

Material: 0.028" PVC (Polyvinyl Chloride)
 Dimensions: 2-1/2" & 3-5/8" widths

Product code	Board thickness	Overall width	"T" slotted flanges	Length	Pcs./Ctn.
PEC50-358-10	1/2"	4-5/8"	1-1/8"	10'	10
PEC58-358-10	5/8"	4-7/8"	1-1/8"	10'	10
PEC50-250-10	1/2"	3-1/2"	1-1/8"	10'	10
PEC58-250-10	5/8"	3-3/4"	1-1/8"	10'	10
