

VALTO | **KEMPLY**®

LAMINATED PANELS WITH GLASBORD FINISH

KEMPLY is fabricated by laminating GLASBORD panel to a rigid substrate. The resulting panel has structural strength and rigidity, allowing installation directly to a stud wall or ceiling.

KEMPLY aluminum composite core panels are durable, strong, ceiling panels that give installations the required appearance with the added benefit of strength and deflection resistance. The market has demanded a thinner laminated product that maintains a high strength to weight ratio and KEMPLY ACP is the answer with a Class A fire rating per ASTM E-84 and 0% deflection.

SPECIALISTS

AVAILABLE SUBSTRATES:

Gypsum: 1/2" | 5/8"

Plywood: 3/8" | 1/2" | 5/8" | 3/4"

Oriented Strand Board: 3/8"
other select sizes and thickness may be available
call customer service for additional information

Fluted Polypropylene: 0.32" | 0.40"

Double-Sided ACP Core: 0.12" | 0.24"

PRODUCT INFORMATION

AVAILABLE SIZES:

4' x 8' | 4' x 10' (wall panels)
23.75" x 23.75" | 23.75" x 47.75" (ceiling panels)

AVAILABLE GLASBORD SKINS:

GLASBORD Embossed or Smooth Textures in
Class A or Class C Fire Rating per ASTM E-84
(PWI, PIF, PSIF, FX, FS)

CAR WASHES | FOOD PROCESSING PLANTS | REFRIGERATED WAREHOUSES
COMMERCIAL KITCHENS | LABORATORIES | LOCKER ROOMS | DORMITORIES | KENNELS

All Valto wall and ceiling coverings have earned GREENGUARD Certification for low chemical emissions, issued by UL Environment. This certification reflects our dedication to improving the quality of our products, while using low-emitting materials in their construction.

Thanks to their environmental benefits, the use of Valto products may also contribute to earning LEED® certification.

At Valto, we partner with our customers, and through innovation, deliver advanced materials that enhance everyday environments. We succeed through a culture of collaboration, continuous improvement, and excellence. With integrity at our core, we challenge the status quo and pursue innovative approaches that benefit our customers and associates.

Since 1954, Valto Engineered Materials has provided innovative products and services and is a leading provider of FRP composite panels. Our lightweight composite products deliver unsurpassed strength and durability; and we continue to pioneer next level performance in building materials, recreational vehicles, and transportation.
