VARIETEX[®]

INNOVATIVE TEXTURED + COLORED WALL PANELS 11 STANDARD COLORS + 3 TEXTURE OPTIONS

Take your surfaces beyond the traditional frp white bumpy board. Our VARIETEX resilient wall coverings offer you a wide range of stylish finishes and colors, while still meeting the sanitary requirements of even the toughest commercial environments.

Add depth and dimension to walls, with our unique textures including sandstone, linen, and beaded finishes. Beyond the beauty, VARIETEX offers all the same benefits of traditional fiberglass reinforced plastic (FRP) wall coverings, including stain, abrasion and moisture resistance. Plus it's easy to install and even easier to keep clean. VARIETEX provides stability and a simple, stylish solution for your walls that's designed to last. When you need grace under pressure, fiberglass reinforced plastic (FRP) panels are the perfect choice for your walls. From moisture and germs to daily dirt and grime, our FRP panels are able to stand up to even the toughest environments - without sacrificing style and beauty.

SEAM TREATMENT ACCESSORIES

Valto offers an array of seam treatment options to complete your wall panel installations.

SILHOUETTE TRIMS®

Silhouette Trims offer a narrow profile to minimize the seam. Valto Silhouette Trims feature patterned expansion control guides to assist with proper FRP installation. Available in 10' lengths in VARIETEX standard colors.

COLORSIL COLOR-MATCHED CAULK

By Color Rite Inc., use for professional looking panel installations without the use of moldings. Valto has teamed up with Color Rite to provide materials that compliment Valto wall panels in over 40 colors. Use with Color Rite's Pre-Tooling Mist to install with ease.

BEADED PANEL MOLDINGS

Specially designed beaded division bar to compliment our beaded panels. Available in 10' lengths in cotton white (1130) color.

ALUMINUM TRIMS

Designed for a contrasting and upscale look. Available in 10' lengths in silver color.

VARIETEX (STCS + STDSC) panels are the first FRP panels that are HACCP certified. Hazard Analysis Critical Control Point (HACCP) certifies that VARIETEX panels are suitable for use in food and beverage facilities that operate in accordance with a HACCP based Food Safety Program. Orientation of embossed panels must be installed/ run vertically for any areas that require a sanitary finish under HACCP certification.

All Valto wall and ceiling coverings have earned GREENGUARD Certification for low chemical emissions, issued by UL Environment. This certification reflects our dedication to improving the quality of our products, while using low-emitting materials in their construction.

Thanks to their environmental benefits, the use of Valto products may also contribute to earning LEED® certification.

At Valto, we partner with our customers, and through innovation, deliver advanced materials that enhance everyday environments. We succeed through a culture of collaboration, continuous improvement, and excellence. With integrity at our core, we challenge the status quo and pursue innovative approaches that benefit our customers and associates.

Since 1954, Valto Engineered Materials has provided innovative products and services and is a leading provider of FRP composite panels. Our lightweight composite products deliver unsurpassed strength and durability; and we continue to pioneer next level performance in building materials, recreational vehicles, and transportation.
