

PRODUCT DESCRIPTION

Recessed Window System utilizes 0.75" PVC Recessed Window Chamfer with standard 0.75" Rustication products.

APPLICATION

Product combination creates a recessed design around windows and doors or other openings to provide a classic design detail for the owner and architect.

FEATURES:

- Less edge seepage—Reduces the cost of clean-up. The unique Flexible Edge Seal fits tightly, preventing concrete seepage. Minimal patching, sacking and grinding on finished surface is required.
- Better looking—Eye-catching details are sharp and consistent. The use of PVC eliminates pock marks and imperfections caused by wood, and eliminates discoloration of concrete due to wood sugars.
- No form coat—You save the cost and mess of form coat since PVC does not need a bond breaker.
- Cleans up easily—Victory Bear systems are made with PVC, an ideal material that reduces clean-up.
- Reusable—PVC is reusable and strong. It won't deteriorate with routine use like other materials.
- Won't change shape—PVC is reusable, making your investment pay off many times.

INSTALLATION

Step 1—Construct the base form for the window and turn the form upside down.

Step 2—Fasten the recessed chamfer to the bottom of the form with screws or adhesive.

Step 3—Place the form in the desired location inside the wall form.

Step 4—Place the base clip the correct distance from the chamfer (see Table) and secure it with screws or adhesive.

Reveal Size	A inch mm	B inch mm
3.5	1 17/64	32.19
5.5	2 17/64	57.59
11.5	5 3/16	138.88
Other	See VB Representative	

Step 5—Measure and miter the rustication. Press the entire length of the rustication into the base clip. Check to ensure that the interlocking grips are fully engaged and the chamfer is overlapping and pressed firmly against the rustication surface.

SPECIFICATIONS

- Material: PVC
- Length: 8'-0" each
- Coefficient of linear expansion: 0.0132 inches per degree F

PRODUCT CODES

128701 Recess Window Chamfer #740

HOW TO ORDER

Specify: (1) quantity, (2) Product Code, (3) name.

STORAGE

Materials should be stored out of direct sunlight to prevent long-term deterioration or color fading. Pieces can be stacked, but should be stored fully supported to keep them from warping.

WARRANTY

Dayton Superior warrants the product will be free from defects in material and workmanship. The foregoing warranty is in lieu of and excludes all other warranties not expressly set forth herein, whether express or implied by operation of law or otherwise, including but not limited to any implied warranties of merchantability or fitness.

Dayton Superior shall not be liable for incidental or consequential losses, damages or expenses directly or indirectly arising from the sale, handling or use of the product or from any other cause relating thereto. Seller's liability hereunder is expressly limited to replacement, in the form originally shipped, of goods not complying with this agreement or at Dayton Superior's election, a refund equal to the purchase price of the product.

Specifications and other information contained herein supersede all previously printed matter and are subject to change without notice.

TECHNICAL SERVICES

Dayton Superior's trained sales staff is available for consultation on all aspects of technical and design support, please call 888-977-9600.
