

MAGIC KOTE®

BACK & BETTER THAN EVER!

Magic Kote® and **Magic Kote® 100** are ready-to-use, petroleum based, VOC compliant concrete form release agents.

- Magic Kote effectively prevents the bonding of concrete-to-concrete forms, formliners and naturally extends the life of the plyform.
- Non-staining and allows the natural bonding of secondary toppings and coatings.
- Will not freeze - easy to spray.
- Magic Kote 100 meets SCAQMD <100 g/l VOC requirements.
- Specifically designed for use with all Symons brand forms.

Consult Technical Data and Safety Data Sheets prior to use.
