POWER-STUD[®] + SD1

WEDGE EXPANSION ANCHORS POWER-STUD[®] + SD1

TYPICAL APPLICATIONS

- Structural connections, like beam and column anchorage
- Safety-related attachments
- Protective barriers and racking
- Tension zone applications, like cable trays and strut, pipe supports, fire sprinklers
- Seismic and wind loading
- Interior applications / low level corrosion environment
- Meets BAA, AIS, BABA, and Buy America

FEATURES AND BENEFITS

- Consistent performance in high and low strength concrete
- Nominal drill bit size is the same as the anchor diameter
- Anchor can be installed through standard fixture holes
- Length ID code and identifying marking stamped on head of each anchor
- Anchor design allows for follow-up expansion after setting under tensile loading
