

REFLECTIT™

SHIMMERING METALLIC GLOW
WITH A BRILLIANT, BRIGHT FINISH.

 **Dryvit®** | BUILD THE TREND

Make Your Next Project Shine

A shiny, reflective look can add sophistication to any facade. Metal is a great complement to other finishes, and until now there have been limited and expensive options for achieving this appearance. Dryvit's Reflectit coating, used as the finish for any Outsulation system, results in a lightweight, cost-effective, energy-efficient, engineered cladding.

An array of textures, including smooth, is available and color options are nearly limitless.

An exterior finished with Reflectit is a light-weight, cost-effective, energy-efficient system that will meet budget without sacrificing the desired aesthetic.
